IDENTIFIERS	*Michigan

ABSTRACT

A guide to Michigan postsecondary institutions and student financial aid is provided for college applicants. Information is provided regarding contact personnel, campus characteristics, admission requirements, program offerings, and applications for each Michigan college and university. The following types of institutions are covered: public junior and community colleges, public four-year colleges and universities, private two-year and four-year colleges and universities, and vocational and occupational programs approved or licensed to operate in Michigan. The occupational programs are: aeronautics (flight) schools, barber schools, cosmetology schools, driving schools (commercial), and nursing schools. Included is a list of over 7,000 instructional programs that are available in Michigan's postsecondary institutions, as well as a list of programs enabling a student to qualify for teacher certification in a major field. The financial aid section covers: planning for educational expenses, major governmental aid programs, private awards, test dates and deadlines, and checklists for juniors and seniors. A program cross-index brings together programs similar to each other using the Classification of Instructional Programs. (SW)

MICHIGAN STATE BOARD OF EDUCATION

Michigan State Board of Education
LANSING, MICHIGAN

The Michigan State Board of Education has prepared for your information this nineteenth annual edition of the Postsecondary Admissions & Financial Assistance Handbook. This publication has been prepared through the combined efforts of the Michigan Department of Education's Higher Education Management and Student Financial Assistance Service Areas.

This Handbook attempts to deal primarily with considerations that would be of initial concern to prospective postsecondary students rather than undertaking an extensive review of each institution. It provides essential information regarding contact personnel, campus characteristics, admission requirements, program offerings, and application procedures for each college and university in Michigan.

In addition, the Handbook includes a variety of information pertaining to the various private occupational schools that are licensed or approved to operate in Michigan. It also contains basic information regarding the various financial assistance opportunities that are available to prospective students.

This Handbook contains a listing of over 7,000 instructional programs that are available in Michigan's postsecondary institutions and indicates those programs wherein a student might qualify for teacher certification in a major field.

The State Board of Education wishes to express its sincere appreciation to those school personnel who have helped make this document possible.

EDUCATIONAL AND CAREER PLANNING

So high school is over, or just about over. What next? There are a variety of options available: a job, military service, marriage, travel, further study of something, etc. This is a very important point in your life, a time when some hard decisions need to be made regarding the future.

As you look at these alternatives we encourage you to consider carefully the possibility of obtaining some form of postsecondary training. As our society becomes more complex, many individuals are finding that some form of education after high school is a necessary prerequisite for full and successful participation. Choosing the right school for such study is a crucial first step in this process. There are several key areas to review as you evaluate various schools.

The *academic climate* of the institution should definitely be explored. From this Handbook and various admissions publications, compare your credentials with those of the present freshmen at that particular school. The school's admissions staff and your high school guidance counselor will be of great assistance in this regard. They are aware of the institution's selection criteria and the success previous graduates from your high school have enjoyed.

The *program offerings* of the various institutions need to be considered in your decision-making process. If you are interested in a specific field of study, schools offering recognized programs in that area should be investigated first. On the other hand, if you are not too sure where your interests lie, discuss the matter further with your family and high school guidance counselor to gain more insight. Your high school guidance office can assist you in the evaluation of your interests and aptitudes.

There are *non-academic factors* to consider also in making your school choice. How large is the student body? Is campus housing available? What is the nature of the community in which the school is located, and how far is it from home? Does the institution provide the environment and opportunity for the types of extracurricular activities that interest you? What type of social climate exists on the campus? Be sure to get answers to questions like these. They will enable you to select an institution compatible with your personal interests.

Your investigation should also include a thorough review of the *cost* of the school being considered. From this Handbook and the current school catalogue, the basic educational expenses of the institution for an academic year can be determined. Then add on amounts for personal expenses as needed to arrive at a total that will realistically reflect your overall needs.

As part of the process of financial planning, it would be wise to discuss realistically with your family the amount of *assistance* your parents will be able to give you. Since most financial assistance programs are simply meant to supplement what your parents can pay, the resources available from within the family need to be fully investigated. Once you have done this groundwork, if outside aid is deemed necessary, you should see your counselor and the school's various publications concerning the procedures involved in applying for financial assistance. A subsequent section of this Handbook discusses a variety of concerns related to student financial aid.

Last to be mentioned here, but certainly not least in importance, are the respective *application procedures for admission and financial aid* consideration. You must carefully submit all required admissions forms correctly and on time if you expect full consideration. Equal care must be exercised if you are applying for financial assistance. Decisions on admission and financial aid are often made soon after the filing deadline on the basis of the materials at hand, so it is to your advantage to be prompt in carrying out your responsibility in this very important area.

This Handbook has been prepared to assist you in these areas. However, your investigations must not stop here; the best sources of information are your high school guidance counselor and the various schools themselves. You will find that your high school guidance counselor has a wide variety of printed materials available and that additional information is available as well by writing directly to the admissions office of a specific school. Also, if possible, try to visit campuses during the latter part of your junior year or during the first part of your senior year in high school. Have lunch with students, visit classes, and talk to faculty members in an effort to get a first-hand impression of the institution. Many schools even send representatives to high schools to talk with interested students. Check with your high school counselor concerning these scheduled visits, and make arrangements for interviews.

Selecting an educational institution is just part of the decision that you must make regarding your career choice. The Michigan Occupational Information System (MOIS) described on the next page provides an opportunity for you to explore your personal interests and characteristics in conjunction with a variety of occupational and educational information. 1

MICHIGAN OCCUPATIONAL INFORMATION SYSTEM

The Michigan Occupational Information System (MOIS) provides you with the opportunity to explore your personal interests in conjunction with related occupational and educational information. Available on both microfiche and computer, the MOIS program is distributed throughout the State of Michigan.

SELF ASSESSMENT

Just as you have needs and abilities which are unique to you, occupations and educational programs have requirements which are unique to them. In choosing an occupation or educational program, your happiness and success in your choice will depend on a match between your individual characteristics and the requirements of the occupation or educational program you select. MOIS allows you to make this match through the use of the MOIS Structured Search.

If you have already used other kinds of self-assessment or are already aware of occupations you are interested in, you may access the MOIS information directly.

OCCUPATIONAL AND EDUCATION INFORMATION

MOIS contains eight files of valid, current, and reliable occupational and educational information.

1. MOIS OCCUPATIONAL FILE contains occupational descriptions with over 1,600 occupational specialties. Information topics relating to occupations include:

A. Definition and Duties
B. Working Conditions
C. Requirements
D. Earnings and Advancement
E. Employment and Outlook
F. Education and Training
G. Sources of Additional Information

2. MOIS POSTSECONDARY PROGRAM FILE contains descriptions of postsecondary education and training programs in Michigan.

3. MOIS APPRENTICESHIP PROGRAM FILE contains descriptions of apprenticeship programs in Michigan related to MOIS occupations.

4. MOIS MILITARY TRAINING OPPORTUNITIES FILE contains MOIS occupation titles for which military training opportunities are available.

5. MOIS SCHOOL/TRAINING SITE AND FINANCIAL AID FILE contains descriptions of all two-year and four-year colleges and universities, private vocational schools and training sites in Michigan. It also contains financial aid information for those schools and training sites.

6. MOIS ADULT EDUCATION PROGRAM FILE contains locations of General Educational Development (GED), Adult Basic Education (ABE), High School Completion (HSC) programs throughout Michigan.

7. MOIS SECONDARY VOCATIONAL EDUCATION PROGRAM FILE contains descriptions and locations of vocational programs offered in Michigan high schools and area vocational centers.

8. MOIS SCHOOL SUBJECT FILE contains information on school subjects related to the MOIS occupations.

The MOIS Postsecondary Program File and the MOIS School/Training Site and Financial Aid File are alternate ways of locating information contained in the *Michigan Postsecondary Admissions & Financial Assistance Handbook*.

Further information regarding MOIS can be obtained from your high school counselor, or by contacting MOIS, Michigan Department of Education, P.O. Box 30009, Lansing, Michigan 48909, telephone (517) 373-0815.

This *Handbook* and MOIS represent two of the resources available to help you in the important process of deciding on a school and a career. We hope you will utilize them fully in making your choice.

INTRODUCTION

The community college is a versatile educational institution which provides a wide range of programs in an endeavor to meet the ever-increasing and changing needs of the local community for educational opportunities beyond the high school level. By statute, however, the community college in Michigan may only offer course work leading to less than a Baccalaureate degree.

The program offerings provided tend to fall into the following categories:

1. *Liberal Arts and Professional Programs*
   These programs consist primarily of liberal arts selections and preprofessional training in such areas as dentistry, education, law, medicine, sociology, etc. They are primarily designed to provide transfer credit to four-year institutions, and as such, the academic transcript involved is usually more important than the Associate of Arts degree conferred.
2. *Vocational-Technical Programs*
   These programs primarily encompass various occupations in the fields of business, public services, technology, etc. They generally culminate in an Associate of Arts degree or certificate. They may also provide transfer credit to specific four-year schools. Current community college publications and the four-year college's admissions office should be contacted for details in such cases.
3. *Apprenticeship Instruction*
   These programs of instruction are offered by community colleges that are requested by local industry to provide related trade instruction. They are available primarily to students already employed in the sponsoring industry.

Due to their variety and unique nature, the community college program listings in this Publication will *emphasize the specific vocational-technical programs currently available at Michigan community colleges*. For additional information concerning liberal arts programs in traditional academic disciplines and/or locally developed apprenticeship instruction you should consult the community college's current catalogue and admissions office.

This Handbook also provides information regarding the number of semester/term hours involved in each vocational-technical program listed.

Please see the introduction to Part VII — Program Cross-Index — for an explanation of the program arrangement sequence.

All school information provided in this Handbook is subject to institutional review and revisions.

INTRODUCTION

The role of Michigan's public four-year colleges and universities is complex and comprehensive.

Program offerings at these institutions can be divided as follows:

1. *Certificate and Associate Degree Programs*
   Several of the colleges and universities provide less than Baccalaureate degree programs, for various occupations. These programs are found under the level 1 through 3 headings.
2. Undergraduate Baccalaureate Programs
   This division includes all programs through which a Baccalaureate Degree can be earned. (level 4 programs).
3. *Graduate – Professional Programs*
   These programs lead to Post-Baccalaureate Degrees in the various professional disciplines (level 5 through 9 programs).

This Handbook contains information in each of these program areas.

In most cases, information is also provided pertaining to the number of semester/term hours required to complete the program and whether a teaching certificate is available in conjunction with it.

Please see the introduction to Part VII — Program Cross-Index — for an explanation of the program arrangement sequence.

All school information provided in this Handbook is subject to institutional review and revision.

7. DUAL HIGH SCHOOL/COLLEGE ENROLLMENT AVAILABLE	☒	☐
8. DEFERRED PAYMENT ARRANGEMENTS AVAILABLE	☒	☐

9. ESTIMATED COSTS FOR THE 1986-87 ACADEMIC YEAR

	In-State/In-District	Out-of-State/Out-of-District
Tuition and Fees	2160	5625
Room and Board	2580	2580
Books	270	270
Travel and Personal	870	870
Total	5880	9345

10. LENGTH OF RESIDENCY REQUIRED FOR IN-STATE/IN-DISTRICT TUITION RATES

In-State (4 yr. Schools)	In-District (2 yr. Schools)
a. One year minimum	

b. Contact for Residency Questions Mrs. Katie Large, Admissions & Scholarships (517) 355-8522

FINANCIAL AID INFORMATION (1986-87)

1. SUGGESTED DATE TO APPLY FOR FINANCIAL AID

	Freshmen	Transfer
Fall	7-24-86	7-24-86
Winter	11-3-86	11-3-86
Spring	1-26-87	1-26-87
Summer	4-17-87	4-17-87

2. FINANCIAL AID APPLICATION MATERIALS ARE AVAILABLE
☒ By Request on Admission Forms ☐ Automatically with Admission Forms
☐ By Separate Request From:

3. FINANCIAL STATEMENTS ACCEPTED (If one form is preferred, mark with ∗)

	☒ FAF	*☒ FFS	☐ AFSA (PELL)	☐ Other (specify)	☐ None

COMPLETION: Voluntary

INSTITUTION IDENTIFICATION

1. School Name	Western Michigan University	Telephone (AC/Local No.)	(616) 383-1600
2. Street Address		City Kalamazoo	Zip Code 49008
3. Director of Admissions	Mr. Stanley E. Henderson	Telephone (AC/Local No.)	(616) 383-1950 or 1-800-DIAL WMU
4. Director of Financial Aid	Mr. John A. Kundel	Telephone (AC/Local No.)	(616) 383-1806

CAMPUS DESCRIPTION

1. STUDENT BODY PROFILE — 1985-86 SCHOOL YEAR

a. Headcount: Freshmen	Male 1233	Female 1401
b. Headcount: all Undergraduates	Male 8122	Female 7836
c. Overall Percent Out-of-State Students		10.9 %
d. Overall Percent of Students Living on Campus		30 %
e. Overall Percent Minority Students		6.8 %

2. CAMPUS INFORMATION FOR THE 1986-87 SCHOOL YEAR

a. Academic Calendar System: Semester

b. Registration dates for 1986-87

	Freshmen	Transfer
Fall	Sept. 2	Sept. 2
Winter	January 3	January 3
Spring	May 2	May 2
Summer	June 30	June 30

c. Area housing Available	Freshmen	Upper-Classmen
Fraternities and/or Sororities	☒	☒
Campus-Owned Married/Family Housing	☒	☒
Dormitories	☒	☒
On-Campus Apartments	☒	☒
Off-Campus Apartments	☒	☒
Cooperatives	☐	☐

d. Related Rules	YES	NO
Can freshmen live off-campus?	☒	☐
Can freshmen have cars on-campus?	☒	☐

e. School Location by type of Community
☒ Suburban ☐ Urban
☐ Small Community ☐ Rural

f. Undergraduate Programs Offered
☐ Short Course/Terminal
☒ Bachelor Degree
☐ Associate Degree

g. Campus Tours Offered:
☒ Weekdays ☒ Individual
☒ Weekends ☒ Special Date
☒ Group

Contact Office: Admissions
Tour Contact Telephone Number: (616) 383-1950

h. Orientation Sessions for New Students

Dates: Three day sessions beginning June 16 through September 1

Contact Office and Telephone Number: Orientation (616) 383-0904

i. Special Admit and/or Support Programs Available to Disadvantaged Students
☒ Yes ☐ No

Contact Office: Special Programs
Contact Telephone Number: (616) 383-4996

j. Contact Office for Physically Handicapped Students:
Handicapper Student Services
Phone No: (616) 383-4015

k. Reduced/Eliminated Tuition and Fee Charges for Senior Citizens
☒ Yes ☐ No Contact Mr. Dennis Boyle (616) 383-1630

SCHOOL ADMISSION INFORMATION (1986-87)

1. RECOMMENDED ENTRANCE EXAMS	☐ SAT	☒ ACT	☐ OTHER	☐ None
(If exam is required, mark with *) Code #		2066		N/A

2. SPECIFIC ADMISSION REQUIREMENTS:

a. For Initial Freshmen: Prediction of academic success at WMU based upon high school record and ACT Student Profile Report. Each application is given individual attention.

b. For Transfer Students: Prediction of academic success at WMU based on a minimum of 26 hours of transferable work. High school transcript required with less than 30 hours earned.

Transfer Enrollment Contact Office: Admissions
Contact Telephone Number: (616) 383-1950

3. SUGGESTED DATE TO APPLY FOR ADMISSION	Freshmen	Transfer
Fall	Sept-Mar	Sept-Mar
Winter	Sept-Nov	Sept-Nov
Spring	Sept-Feb	Sept-Feb
Summer	Sept-Mar	Sept-Mar

4. REQUIRED DEPOSITS	AMOUNT
Application	$ 15.00
Matriculation	$ 50.00
Housing	$175.00
Other (specify)	

	YES	NO
5. ADVANCED PLACEMENT/CREDIT BY EXAMINATION		
a. Advanced Placement available based on grades/test results.	☒	☐
b. College Credit available based on test results. AP _____ Other _____	☒	☐
6. EARLY ADMISSIONS AVAILABLE	☒	☐
7. DUAL HIGH SCHOOL/COLLEGE ENROLLMENT AVAILABLE	☒	☐
8. DEFERRED PAYMENT ARRANGEMENTS AVAILABLE	☒	☐

9. ESTIMATED COSTS FOR THE 1986-87 ACADEMIC YEAR

	In-State/In-District	Out-of-State/Out-of-District
Tuition and Fees	$1564	$3784
Room and Board	2689	2689
Books and Personal	1133	1133
Travel	100	100
Total	$5486	$7706

10. LENGTH OF RESIDENCY REQUIRED FOR IN-STATE/IN-DISTRICT TUITION RATES

	In-State (4 yr. Schools)	In-District (2 yr. Schools)
a	One year prior to enrollment	

b. Contact for Residency Questions Controller (616) 383-1605

FINANCIAL AID INFORMATION (1986-87)

1. SUGGESTED DATE TO APPLY FOR FINANCIAL AID

	Freshmen	Transfer
Fall	March 1, 1986	March 1, 1986
Winter	March 1, 1986	March 1, 1986
Spring	February 1, 1987	February 1, 1987
Summer	March 1, 1987	March 1, 1987

2. FINANCIAL AID APPLICATION MATERIALS ARE AVAILABLE
☐ By Request on Admission Forms ☐ Automatically with Admission Forms
☒ By Separate Request From: Student Financial Aid

3. FINANCIAL STATEMENTS ACCEPTED (If one form is preferred, mark with *)

	☒ FAF	☒ FFS	☒ AFSA (PELL)	☐ Other (specify)	☐ None

INTRODUCTION

As has been indicated in the previous sections, Michigan's public colleges and universities offer a wide variety of educational programs. The same is true of the curricula provided by the State's independent two-year and four-year institutions.

Program offerings at these institutions can be divided as follows:

1. *Certificate and Associate Degree Programs*
   Several of the colleges and universities provide less than Baccalaureate degree programs, for various occupations. These programs are found under the level 1 through 3 headings.
2. *Church Affiliated Terminal Programs*
   (level 1 programs)
3. *Undergraduate Baccalaureate Programs*
   This division includes all programs through which a Baccalaureate degree can be earned (level 4 programs).
4. *Graduate – Professional Programs*
   These programs lead to Post-Baccalaureate degrees in the various professional disciplines (level 5 through 9 programs).

In most cases, information is provided pertaining to the number of semester/term hours required to complete the program and whether a teaching certificate is available in conjunction with it.

Please see the introduction to Part VII — Program Cross-Index — for an explanation of the program arrangement sequence.

All school information provided in this Handbook is subject to institutional review and revision.

VOCATIONAL SCHOOL PROGRAMS LICENSED BY MICHIGAN DEPARTMENT OF EDUCATION

In addition to the degree granting colleges and universities which are authorized to operate in the State of Michigan, a wide range of private vocational schools are also available to Michigan students. Pursuant to Act 60, Public Acts of 1983, no person(s), firm, corporation or private organization may conduct such a private trade school, business school, or institute in Michigan without first obtaining a license from the State Board of Education. The law stipulates that no operating license may be issued to Michigan schools, and no authorization given to out-of-state schools for the solicitation of Michigan students until the Superintendent of Public Instruction has approved the curriculum offered, the methods of instruction, the qualifications of instructors, the method and content of advertising, the form and content of the student enrollment agreement, contract and the administration of the school.

It is not the policy of the State Board of Education to recommend or endorse any private trade school, business school, or institute. The issuance of a license or authorization simply indicates that the school in question has met the requirements of the law and regulations of the State Board of Education at the time it was issued. A complete listing of Michigan schools with active licenses and out-of-state schools with authorization for Michigan student solicitation is found in the following section of this Handbook. Information is also found here pertaining to the various programs of study that are offered. A complete contact address and telephone number is provided for each institution. This information is also available under separate cover from the Michigan Department of Education, Higher Education Management Services, Box 30008, Lansing, Michigan 48909. The telephone number for this office is (517) 373-1943. Higher Education Management Services should be contacted directly if there are questions regarding any of these schools. These schools are also included in Program Cross-Index found in the next section of the Handbook.

OCCUPATIONAL PROGRAMS LICENSED BY OTHER STATE AGENCIES

In addition to individual vocational schools that are licensed through the Michigan Department of Education, there are several other types of training programs that are licensed by other state agencies. Separate aeronautics, barber, cosmetology and nursing commissions or boards have been established to certify programs in their respective fields and commercial driving programs are licensed through the Department of State. A complete listing of approved programs in these areas is found in the following section of this Handbook. These programs are also included in the Program Cross-Index — Part VII. Further information pertaining to these various programs can be obtained directly through the licensing agency involved.

1. *Aeronautics Schools:*
   Schools of Aeronautics teach flying and ground work relative to flying. They are inspected and licensed annually by the Michigan Department of Transportation, Bureau of Aeronautics, Capitol City Airport, Lansing, Michigan 48906 (517-373-1834).
2. *Barber Schools:*
   Barber schools are licensed by the Michigan Department of Licensing and Regulation, Board of Barber Examiners, P.O. Box 30018, 611 W. Ottawa, Lansing, Michigan 48909 (517-373-3089).
3. *Schools of Cosmetology:*
   Cosmetology schools are licensed by the Michigan Department of Licensing and Regulation, Board of Cosmetology, P.O. Box 30018, 611 W. Ottawa, Lansing, Michigan 48909 (517-373-0580).
4. *Commercial Driving Schools:*
   The Michigan Department of state licenses commercial driver training schools. (It does not engage in the business of providing instruction.) The Driver Training School Division, Bureau of Driver Improvement is located at 1200 Sixth Street, South Tower, Suite 910, Detroit, Michigan 48226 (313-256-1189).
5. *Nursing Schools:*
   Nursing Schools operate under the approval of the Michigan Department of Licensing and Regulation, Board of Nursing, P.O. Box 30018, Lansing, Michigan 48909 (517-373-1600).

All school information provided in this Handbook is subject to institutional review and revision.

In addition to the private occupational schools covered in another section of this booklet that are licensed by the Michigan Department of Education, there are also a variety of other occupational schools and programs that are licensed by other State agencies. These additional schools and programs are listed by category in this section.

AERONAUTICS SCHOOLS

Schools of aeronautics teach courses of study related to aviation. Due to differences in licensing procedures and policies, schools offering programs related to aviation fall into three categories, as follows:

1. Degree-granting colleges and universities that offer FAA approved flight training (ground and flight schools) and/or related mechanical programs are listed in the college section of this booklet.

2. Vocational schools offering training in related mechanical programs are licensed by the Michigan Department of Education and are found in the Private Occupational Schools section of this booklet.

3. Vocational schools offering FAA approved flight training (ground and flight schools) are licensed by the Michigan Department of Transportation, Bureau of Aeronautics, which is located at Capitol City Airport in Lansing, Michigan 48906 (517) 373-1834. Programs of these schools are listed along with other related programs in the cross-index section of this Book.

BARBER SCHOOLS

Michigan barber schools are licensed by the Department of Licensing and Regulation, Board of Barber Examiners, 611 West Ottawa, P.O. Box 30018, Lansing, Michigan 48909 (517) 373-3089. Upon successful completion of the required hours at a barber school, the student is eligible for the barber examination and on passing the examination will be issued a barber license.

The Michigan Board of Barber Examiners will accept student hours out of state and a licensed barber out of state can receive a Michigan license without examination if their training was equal to Michigan.

COSMETOLOGY SCHOOLS

Cosmetology schools are licensed by the Michigan Board of Cosmetology to offer courses of study related to beauty culture. Each program listed provides the 1,500 hours of instruction required as a prerequisite for participation in the State Cosmetology Examination. Students successfully completing both the training program and the examination become licensed to practice in Michigan. Students completing beauty culture training programs in other states are reviewed on an individual basis by the Michigan Board of Cosmetology before practice in Michigan is allowed. Such students not demonstrating the equivalent of the 1,500-hour study program prerequisite may be required to take refresher course work before being licensed to practice in Michigan.

Further information concerning cosmetology programs in Michigan may be obtained from the Board of Cosmetology, 611 W. Ottawa, P.O, Box 30018, Lansing, Michigan 48909 (517) 373-0580. Programs of these schools are listed along with other related programs in Program Cross-Index section of this book.

DRIVING SCHOOLS (COMMERCIAL)

Michigan law requires that all commercial driver training schools be licensed by the Department of State under the authority of Act 369, P.A. 1974. Students enrolling in a truck driver training program must have an acceptable driving record. Students successfully completing one of these approved programs must pass a state examination prior to actually receiving their endorsed chauffeur's license. For further information concerning driving schools in Michigan call or write to Michigan Department of State, Bureau of Driver Improvement, Driver Training School Division, 1200 Sixth St., South Tower, Suite 910, Detroit, Michigan 48226 (313) 256-1189.

Michigan-based truck driver schools are listed below:

1. American Truck Driving School
   Willow Run Airport
   Ypsilanti, Michigan 48197
   (313) 485-8400
2. Chauffeur's Training School, Inc.
   19669 John R.
   Detroit, Michigan 48203
3. International Institute of Transportation Research Ltd.
   3511 E. 8 Mile Road
   Warren, MI 48091
   (313) 533-4161

NURSING SCHOOLS

Four different types of nursing programs are offered in Michigan, leading to licensure by the Board of Nursing, *Baccalaureate* and *Associate* Degree Programs are offered in conjunction with degree-granting schools. They offer a college degree in conjunction with preparation for R.N. licensure. *Diploma* programs are offered at hospital schools of nursing and they also prepare students for R.N. licensure. Each college and university makes its own decision as to the extent which hospital nursing school credits might subsequently be transferred into a degree program.

Practical Nursing programs, on the other hand, are offered at both degree and non-degree institutions. Practical nursing programs offered at colleges and universities may carry credit toward a degree, as well as preparing the student for L.P.N. licensure. Practical nursing programs offered at non-degree institutions prepare the student for L.P.N. licensure and the credits involved may, subsequently, be accepted toward degree requirements by individual campuses.

The Michigan Department of Licensing and Regulation, Board of Nursing, P.O. Box 30018, Lansing, Michigan 48909 (517) 373-1600 has responsibility for approving* all four types of nursing programs outlined above.

Students successfully completing one of these approved programs must pass a State examination prior to actually receiving their R.N. or L.P.N. license. Out-of-state graduates, wishing to practice in Michigan, must apply to the Board for licensure. The procedures involved for the licensing of out-of-state personnel vary with the individual's program of study and experience.

A listing of Nursing and Nursing related programs can also be found in the cross-index under code numbers 18.11 and 17.06. Further information concerning the various nurses training programs that are available can also be obtained through the Michigan League for Nursing, 51 W. Warren Avenue, Detroit, Michigan 48201.

BACCALAUREATE DEGREE (See * note below)

1. Andrews University
   Department of Nursing
   Berrien Springs, Michigan 49014

    Sidney, Michigan 48885

---

*The Board of Nursing only approves complete (preparation in becoming an R.N. or L.P.N.) programs. Some Colleges offer a Nursing Baccalaureate Degree which does not need to be approved by the board because the program only admits students that already have their R.N.'s. As noted above, complete listings of available nursing programs can be found in the cross-index under code numbers 18.11 and 17.06.

21. Mott Community College

Practical Nursing Pgm. VA
P.O. Box 277
Scottville, Michigan 49454

PROGRAM CROSS-INDEX

(Includes College/University Undergraduate & Graduate Programs as well as Occupational School Programs)

The Cross-Index Format

This section of the handbook brings together all programs similar to each other by using a code system which defines knowledge areas. The Classification of Instructional Programs (CIP) Code consists of two independent dimensions—program purpose and program category. This document will concentrate on the program category dimension consisting of two-, four- and six-digit codes. The numbers are associated with the following major dimensions:

CLASSIFICATION OF INSTRUCTIONAL PROGRAM CATEGORIES

Agriculture
- 01. Agribusiness and Agricultural Production
- 02. Agricultural Sciences
- 03. Renewable Natural Resources

Architecture and Environmental Design
- 04. Architecture and Environmental Design

Area and Ethnic Studies
- 05. Area and Ethnic Studies

Business
- 06. Business and Management
- 07. Business and Office
- 08. Marketing and Distribution

Communications
- 09. Communications
- 10. Communications Technologies

Computer and Information Sciences
- 11. Computer and Information Sciences

Consumer, Personal, and Miscellaneous Services
- 12. Consumer, Personal, and Miscellaneous Services

Education
- 13. Education

Engineering
- 14. Engineering
- 15. Engineering and Engineering-Related Technologies

Foreign Languages
- 16. Foreign Languages

Health
- 17. Allied Health
- 18. Health Services

Home Economics
- 19. Home Economics
- 20. Vocational Home Economics

Industrial Arts
- 21. Industrial Arts

Law
- 22. Law

Letters
- 23. Letters

Liberal/General Studies
- 24. Liberal/General Studies

Library and Archival Sciences
- 25. Library and Archival Sciences

Life Sciences
- 26. Life Sciences

Mathematics
- 27. Mathematics

Military Sciences
- 28. Military Sciences
- 29. Military Technologies

Multi-Interdisciplinary Studies
- 30. Multi-Interdisciplinary Studies

Parks and Recreation
- 31. Parks and Recreation

Personal and Social Development
- 32. Basic Skills
- 33. Citizenship/Civic Activities
- 34. Health-Related Activities
- 35. Interpersonal Skills
- 36. Leisure and Recreational Activities
- 37. Personal Awareness

Philosophy, Religion, and Theology
- 38. Philosophy and Religion
- 39. Theology

Physical Sciences
- 40. Physical Sciences
- 41. Science Technologies

Psychology
- 42. Psychology

Public Affairs and Protective Services
- 43. Protective Services
- 44. Public Affairs

Social Sciences
- 45. Social Services

Trade and Industrial

46. Construction Trades
47. Mechanics and Repairers
48. Precision and Production
49. Transportation and Material Moving

Visual and Performing Arts

50. Visual and Performing Arts

NOTE: This coding structure is based upon "A Classification of Instructional Programs" by the National Center for Educational Statistics, 1981.

A CIP Code is attached to each program in this Handbook. There are two different program displays used:

1. A list of each school's programs is found elsewhere in this Handbook, below that institution's basic information display. These program listings are in alphabetical order by level of study.
2. A combined cross-index of programs is found in this section of the Handbook. This index lists each school which identifies a program under any particular CIP Code category and is in CIP Code order. This list also gives the title by which the school identifies that program.

How To Use The Program Inventory

Turning to the by-school program listing, the following example identifies the format involved.

EXAMPLE
UNIVERSITY OF MICHIGAN

Program Name	CIP Code	Tch Cert	Min Hrs
LEVEL 4			
Civil Engineering	14.0801	No	128

The number at the right of the Program Name represents the Classification of Instructional Programs (CIP) Code assigned to that program area. The general categories were listed earlier and a detailed listing follows this introductory section.

Directly before the CIP number itself comes the school's own title for the program in question. This allows various schools to maintain the individuality of their own program title while still lumping similar such programs under a common designation (CIP code number) in the index found in this part of the Handbook. The individual school's program title may or may not be similar to the general category title. (Note: Identical program names at different institutions do not necessarily indicate identical content — you must contact the school for details of their programs.)

The last two items which are found after the CIP code in these by-school program listings refer to (a.) whether or not a teaching certificate is available in that major program area at the school in question and (b.) what the minimal number of semester/term/clock hours of acadmic credit needed to complete the particular program might be. This teaching certificate item carries simply a "yes" or "no" designation for the appropriate response.

The reader must be careful in comparing the number of program hours required for similar programs at different institutions, however, for they will fluctuate depending upon the type of academic calendar system used by the specific school. Semester schools will normally generate roughly 2/3 as many actual credit hours per academic year of fulltime study as term or quarter academic calendar schools, because each "semester" credit is earned over a longer period of time than are the "quarter" or "term" credits. The school's academic calendar system is listed in the institutional profile section above the program index.

In addition to dividing programs into specific categories of knowledge, this system also divides programs of study according to their degree level. The nine degree levels used are:

Level 1	A one year or less certificate, diploma or degree
Level 2	A two year or less associate degree, certificate or diploma, but more than one year
Level 3	A three year or less certificate, diploma or degree, but more than two years
Level 4	A bachelors degree
Level 5	A post-bachelors degree, but short of a masters degree
Level 6	A masters degree
Level 7	A post-masters degree, but short of a doctoral degree
Level 8	A doctoral degree
Level 9	A professional degree

The "Level 4" designation found in the example indicates that the program in question is at the bacheors degree level.

Thus, by reviewing the programs listed in conjunction with any particular school it is possible to determine their CIP Code, degree, level, number of academic hours required for completion, and whether or not a teaching certificate is offered at that institution in that particular academic program.

Summary program information across all Michigan colleges, universities and vocational schools is found in this program cross-index. These program listings are in CIP Code number order.

EXAMPLE

01.0102 AGRICULTURAL BUSINESS
  2 Agriculture Business .... Southwestern Michigan College
  4 4 Agri-Business .... Western Michigan University

01.0103 AGRICULTURAL ECONOMICS
  6 Agricultural Economics .... Michigan State University

They provide information concerning the various schools that offer courses of study within any particular CIP code, and the levels of such programs. Further

program detail could, of course, subsequently be obtained from the school itself.

By using these individual by-school program listings and the combined cross-school indices the prospective student can either review all programs available at any particular school, or determine all schools offering similar courses of study. Two examples of how the inventory can be used may be helpful:

EXAMPLE I:

If a prospective student is interested in a program of preparation for the writing of books or magazine articles, the first step is to find a CIP Code that would incorporate such programs. (Listing of CIP codes follows these two examples.) CIP code 23 (Letters) comes the closest and a look at the detailed subcategories shows that CIP codes 23.05 (Creative Writing) and 23.04 (Composition) appear to be the best choices.

Referring to the program cross-index, it can be noted that a two-year degree in Fiction writing is offered at the Art Instruction School–Palmer Writers School. Nazareth College offers a four-year degree. Central Michigan University offers a four-year degree in creative writing. Masters degrees (level 6) are also offered for these CIP codes. In order to determine within the programs in Art Instruction–Palmer Writers program that for some reason was not assigned a code of 23.04 or 23.05, the code 23.99 (Letters, Other) should also be checked. A review of 23.99 shows no other programs that appear to be close to what is desired.

CIP codes 23.04 and 23.05 could then be checked within the programs in Art Instruction–Palmer Writers School (in the Out-of-State Vocational School section), Nazareth College (in the Michigan Nonpublic Colleges & Universities section) or the appropriate Michigan Public Four-Year College or University institutional program listing for other pertinent information.

EXAMPLE II:

A prospective student wants to attend Lake Superior State College and, hopefully take a program in the area of business.

The CIP code for business and management programs is 06. A review of the undergraduate program listing for Lake Superior State College shows that they have two programs listed under 06. at the bachelor (4) level: 06.0201 Accounting, and 06.0401 Business Administration. They also have 06 programs at the two-year and masters level.

Detailed information on these two programs can then be obtained from the college.

The following is a listing of the major program categories of the classification of Instructional Programs code system.

CIP PROGRAM CATEGORIES—NUMERICAL LISTING (Alphabetical Listing Follows)

AGRICULTURE

01. Agribusiness and Agricultural Production

01.01 Agricultural Business and Management
- 01.0101 Agricultural Business and Management, General
- 01.0102 Agricultural Business
- 01.0103 Agricultural Economics
- 01.0104 Farm and Ranch Management
- 01.0199 Agricultural Business and Management, Other

01.02 Agricultural Mechanics
- 01.0201 Agricultural Mechanics, General
- 01.0202 Agricultural Electrification, Power, and Controls
- 01.0203 Agricultural Mechanics, Construction, and Maintenance Skills
- 01.0204 Agricultural Power Machinery
- 01.0205 Agricultural Structures, Equipment, and Facilities
- 01.0206 Soil and Water Mechanical Practices
- 01.0299 Agricultural Mechanics, Other

01.03 Agricultural Production
- 01.0301 Agricultural Production, General
- 01.0302 Animal Production
- 01.0303 Aquaculture
- 01.0304 Crop Production
- 01.0305 Game Farm Management
- 01.0399 Agricultural Production, Other

01.04 Agricultural Products and Processing
- 01.0401 Agricultural Products and Processing, General
- 01.0402 Food Products
- 01.0403 Nonfood Products
- 01.0499 Agricultural Products and Processing, Other

01.05 Agricultural Services and Supplies
- 01.0501 Agricultural Services and Supplies, General
- 01.0502 Agricultural Services
- 01.0503 Agricultural Supplies Marketing
- 01.0504 Animal Grooming
- 01.0505 Animal Training
- 01.0506 Horseshoeing
- 01.0599 Agricultural Services and Supplies, Other

01.06 Horticulture
- 01.0601 Horticulture, General
- 01.0602 Arboriculture
- 01.0603 Floriculture
- 01.0604 Greenhouse Operation and Management
- 01.0605 Landscaping
- 01.0606 Nursery Operation and Management
- 01.0607 Turf Management
- 01.0699 Horticulture, Other

01.07 International Agriculture
- 01.0701 International Agriculture

01.99 Agribusiness and Agricultural Production, Other
- 01.9999 Agribusiness and Agricultural Production, Other

02. Agricultural Sciences

02.01 Agricultural Sciences, General
- 02.0101 Agricultural Sciences, General

02.02 Animal Sciences
- 02.0201 Animal Sciences, General
- 02.0202 Animal Breeding and Genetics
- 02.0203 Animal Health
- 02.0204 Animal Nutrition
- 02.0205 Animal Physiology
- 02.0206 Dairy
- 02.0207 Fisheries Science
- 02.0208 Livestock
- 02.0209 Poultry
- 02.0299 Animal Sciences, Other

02.03 Food Sciences
- 02.0301 Food Sciences, General
- 02.0302 Dairy Processing
- 02.0303 Food Distribution
- 02.0304 Food Engineering
- 02.0305 Food Packaging
- 02.0306 Food Technology
- 02.0399 Food Sciences, Other

02.04 Plant Sciences
- 02.0401 Plant Sciences, General
- 02.0402 Agronomy
- 02.0403 Horticulture Science
- 02.0404 Ornamental Horticulture
- 02.0405 Plant Breeding and Genetics
- 02.0406 Plant Pathology (Applied)
- 02.0407 Plant Physiology
- 02.0408 Plant Protection (Pest Management)
- 02.0409 Range Management
- 02.0410 Turf Management Science
- 02.0499 Plant Sciences, Other

02.05 Soil Sciences
- 02.0501 Soil Sciences, General
- 02.0502 Soil Chemistry
- 02.0503 Soil Conservation
- 02.0504 Soil Management and Fertility
- 02.0505 Soil Microbiology
- 02.0506 Soil Physics
- 02.0599 Soil Sciences, Other

02.99 Agricultural Sciences, Other
- 02.999 Agricultural Sciences, Other

03. Renewable Natural Resources

03.01 Renewable Natural Resources, General
- 03.0101 Renewable Natural Resources, General

03.02 Conservation and Regulation
- 03.0201 Conservation and Regulation, General
- 03.0202 Conservation
- 03.0203 Resources Protection and Regulation
- 03.0299 Conservation and Regulation, Other

03.03 Fishing and Fisheries
- 03.0301 Fishing and Fisheries, General
- ------- Commercial Fishing Operation (see 49.0303)
- 03.0302 Fisheries
- 03.0399 Fishing and Fisheries, Other

03.04 Forestry Production and Processing
- 03.0401 Forestry Production and Processing, General
- 03.0402 Forest Production
- 03.0403 Forest Products Utilization
- 03.0404 Forest Products Processing Technology
- 03.0405 Logging
- 03.0406 Pulp and Paper Production
- 03.0499 Forestry Production and Processing, Other

03.05 Forestry and Related Sciences
- 03.0501 Forestry and Related Sciences, General
- 03.0502 Forestry Science
- 03.0503 Forest Biology
- 03.0504 Forest Engineering
- 03.0505 Forest Hydrology
- 03.0506 Forest Management
- 03.0507 Forest Mensuration
- 03.0508 Urban Forestry
- 03.0509 Wood Science
- 03.0599 Forestry and Related Sciences, Other

03.06 Wildlife Management
- 03.0601 Wildlife Management

03.99 Renewable Natural Resources, Other
- 03.9999 Renewable Natural Resources, Other

ARCHITECTURE AND ENVIRONMENTAL DESIGN

04. Architecture and Environmental Design

04.01 Architecture and Environmental Design, General
- 04.0101 Architecture and Environmental Design, General

04.02 Architecture
- 04.0201 Architecture

04.03 City, Community, and Regional Planning
- 04.0301 City, Community, and Regional Planning

04.04 Environmental Design
- 04.0401 Environmental Design

04.05 Interior Design
- 04.0501 Interior Design

04.06 Landscape Architecture
- 04.0601 Landscape Architecture

04.07 Urban Design
- 04.0701 Urban Design

04.99 Architecture and Environmental Design, Other
- 04.9999 Architecture and Environmental Design, Other

AREA AND ETHNIC STUDIES

05. Area and Ethnic Studies

05.01 Area Studies
- 05.0101 African Studies
- 05.0102 American Studies
- 05.0103 Asian Studies, General
- 05.0104 East Asian Studies
- 05.0105 Eastern European Studies
- 05.0106 European Studies, General
- 05.0107 Latin American Studies
- 05.0108 Middle Eastern Studies
- 05.0109 Pacific Area Studies
- 05.0110 Russian and Slavic Studies
- 05.0111 Scandinavian Studies
- 05.0112 South Asian Studies
- 05.0113 Southeast Asian Studies
- 05.0114 Western European Studies
- 05.0199 Area Studies, Other

05.02 Ethnic Studies
- 05.0201 Afro-American (Black) Studies
- 05.0202 American Indian Studies
- 05.0203 Hispanic-American Studies
- 05.0204 Islamic Studies
- 05.0205 Jewish Studies
- 05.0299 Ethnic Studies, Other

05.99 Area and Ethnic Studies, Other
- 05.9999 Area and Ethnic Studies, Other

BUSINESS

06. Business Management

06.01 Business and Management, General
- 06.0101 Business and Management, General

06.02 Accounting
- 06.0201 Accounting

06.03 Banking and Finance
- 06.0301 Banking and Finance

06.04 Business Administration and Management
- 06.0401 Business Administration and Management, General
- 06.0402 Contract Management and Procurement/Purchasing
- 06.0403 Product Management
- 06.0404 Systems Efficiency Analysis
- 06.0499 Business Administation and Management, Other

06.05 Business Economics
- 06.0501 Business Economics

06.06 Human Resources Development
- 06.0601 Human Resources Development

06.07 Institutional Management
- 06.0701 Hotel/Motel Management
- 06.0702 Recreational Enterprises Management
- 06.0703 Resort Management
- 06.0704 Restaurant Management
- 06.0705 Transportation Management
- 06.0799 Institutional Management, Other

06.08 Insurance and Risk Management
- 06.0801 Insurance and Risk Management

06.09 International Business Management
- 06.0901 International Business Management

06.10 Investments and Securities
- 06.1001 Investments and Securities

06.11 Labor/Industrial Relations
- 06.1101 Labor/Industrial Relations

06.12 Management Information Systems
- 06.1201 Management Information Systems

FINANCIAL AID

PLANNING FOR EDUCATIONAL EXPENSES

Postsecondary education represents a major investment of time and money. Therefore, each interested student and family should plan carefully for the expenses involved. Such planning to meet educational expenses should include at least the following three steps:

1. Determining the total annual costs involved at the school that is best suited to meet current educational needs.
2. Considering the annual financial contribution which the entire family can realistically make toward these educational expenses.
3. Applying, as needed, for the various programs that are available to assist families who feel they cannot pay the full cost involved.

Determining Annual Program Costs

Building a yearly school expense budget is a difficult job. It requires the careful identification and pricing of various expenses that might be associated with postsecondary attendance. While the factors and amounts considered in this process will vary with individual tastes and priorities, any family trying to build a comprehensive budget with their student should consider carefully each of the following areas:

1. Tuition & Fees—this covers direct expenses for the courses taken and includes special activity, laboratory, etc. fees which might also be assessed by the school involved. Allowance for summer session tuition & fees must also be made if summer school attendance is anticipated.
2. Room & Board—this covers expenses for actual housing and food costs for the school year involved. Care should be taken here to allow for both on-campus expenses that can be anticipated in this area as well as any at-home costs that might also be involved for commuting students or campus residents who will return home for various holiday periods during the school year.
3. Other Expenses—this allowance should cover all remaining expenses that the student is likely to incur during the year. For example, consideration should be given here to such items as books and supplies, equipment, clothing, transportation, incidental spending money, etc.

Once each of these factors is carefully covered, they can be summed up to provide an estimate of what the total student expenses for the school year or other period of time involved might be.

Most school catalogues offer guidelines regarding basic cost of attendance at that particular campus. This handbook also provides information regarding educational expenses for the various colleges and universities in Michigan. Care must be taken in interpreting these figures, however, for they usually represent only minimal budgets. Spending patterns that include extensive travel, high entertainment allowances, maintenance of a car on campus, etc. are probably not covered by such estimates. Summer school study will also be additional. In the individual determination of projected costs, the family must make adequate allowance for such items. In addition, care must be taken to provide for special program fees, required tool or instrument purchases, foreign study expenses, out-of-state or district tuition rate charges, etc.

Once the cost of the program is realistically assessed, the amount of family assistance that can be expected should be discussed.

Considering Family Ability to Contribute

Most financial assistance programs are designed simply to supplement expected contributions from the student and parents, therefore, family resources available need to be fully investigated. The student's own ability to contribute through use of savings, employment, etc. must also be an integral part of this discussion.

Every effort should be made at an early point to determine whether the family's perceived ability to contribute might differ greatly from the "expected family contribution" that will be determined by the formal needs analysis process as part of the application for assistance. Such differences may work a severe hardship on the student at the point of enrollment. An estimation of how the family might fare under the formalized needs analysis process can be made by completion of the workbook portion of *Meeting College Costs* or *Applying for Financial Aid* publications. These documents are available at the high school guidance office.

When applying for financial assistance, the "expected family contribution" will be based on the family financial resources reported on a confidential statement.

Due to the limited nature of available aid and the growing number of applicants, most financial aid programs today are based upon a formal assessment of need. Such analyses in most instances employ a standardized method for determining financial need which attempts to evaluate the family's overall financial strength.

The basic factors inherent in such formal needs assessment measures can be summarized as follows:

1. Basic Assumptions:
    - A. The family bears the first responsibility for the student's education. Thus, the parents are expected to make a contribution toward the postsecondary educational expenses involved in all cases except situations where the student has clearly demonstrated his or her independence from the family unit over time (definition of independence may vary from program-to-program, but usually includes two full years of self-support).
    - B. Since students are a primary beneficiary of their own education, a reasonable expectation is made from each student toward educational expenses. Students are expected to contribute toward their educational expenses from their own assets as well as through earnings.
    - C. Student aid is offered only when the costs of the chosen school exceed these "measured" parental and student inputs.
2. Demonstrating Need:

Demonstrated need for aid from outside the family is based upon the following formula:

Sum of school costs as reported
by the institution

—Sum of parental and student
contribution expectations

—Educational assistance benefits
[Veterans Administration, Vocational
Rehabilitation, etc.]

=Positive difference, if any,
represents the demonstrated
Need for outside assistance

3. Procedures used to formally evaluate the family's ability to contribute toward the student's educational expenses:

The key concern here is the procedure used to determine the "expected family (student and parent) contribution" figure. Since each family operates under an implicit set of personal financial priorities which directs and channels its spending patterns, few families will agree totally with any standard formula that sets spending priorities for them and in the process calculates an "expected educational contribution" on their behalf. However, such formulas for uniform analysis are necessary if each family situation is to be evaluated in an objective and consistent manner.

Difficulty arises primarily in implementing this basic principle of uniformity in analysis. What procedures and steps can best assess each family's ability to contribute toward their student's postsecondary educational expenses? It is here that most major needs evaluation techniques rely on a standard formula that has been approved by the Federal Government. Without exploring in depth this system of needs analysis, the basic steps utilized by most formulas can be summarized as follows:

A. Determination of expected family contribution from primary family sources:

1. Total Parental Income	− Crucial Allowances (taxes, extraordinary medical bills, emergencies, basic living expenses, etc.)	= AVAILABLE INCOME available for additional living expenses & educational costs.
2. Total Parental Assets	− Prior claims (Business debts, mortgages, retirement provisions)	= INCOME SUPPLEMENT portion available for future purchases including education
3. AVAILABLE INCOME	+ INCOME SUPPLEMENT	= ADJUSTED AVAILABLE INCOME which represents a total of the parents' finances available to cover further expenditures of various kinds
4. ADJUSTED AVAILABLE INCOME	− Allowance. for all other discretionary purposes	= EXPECTED PARENTAL CONTRIBUTION to student's educational expenses*
5. EXPECTED PARENTAL CONTRIBUTION	+ EXPECTED STUDENT CONTRIBUTION (based on a percentage of reported student assets and a summer earnings expectation)	= TOTAL EXPECTED FAMILY CONTRIBUTION

*divided by the number of children enrolled in postsecondary study at least half-time.

There are two primary documents available that perform this evaluation process—the College Scholarship Service's, Financial Aid Form (FAF) and American College Testing's, Family Financial Statement (FFS).

These financial statements are available at high school guidance offices and most postsecondary school financial aid offices. Check with the chosen college's financial aid office to determine which form is preferred.

B. This "total expected family contribution" figure is then fed into the calculation of demonstrated financial need:

Expense Budget Established by the School
— Total Expected Family Contribution
— Educational Assistance Benefits
(VA, VR, etc.)

Negative difference = No financial assistance necessary
Positive difference = Demonstrated need for student assistance

This process determines the particular student's eligibility for financial aid resources. If "demonstrated need" is found, most schools will attempt to meet this amount through a "package" of various kinds of aid.

In summary, it is important to note that while the present needs analysis system demands a certain degree of uniformity, it also provides consideration for a wide variety of extenuating circumstances to insure that each family is treated equitably.

In addition, if there are major changes in family circumstances after the financial statement has been filed, these new circumstances should be brought to the attention of the financial aid office at the school the student plans to attend.

Aid programs that are based on financial need usually require the student to file updated application materials each year so that aid consideration can be based upon current circumstances.

One further question which often arises as students begin to apply for financial aid is the approach that the various assistance programs take regarding independent status. Under what circumstances can students file for assistance solely on the basis of their own financial circumstances as opposed to those of their parents? While specific policy varies from program to program, in most cases, the applicant will have to demonstrate evidence of established economic independence from the family before parental resources can be disregarded. Such demonstrated independence usually includes indication that the student has not and will not reside in the home during the award year and the year preceding it, has not and will not receive more than $750 a year from the family during that period and has not and will not be claimed as an exemption on family Federal Income Tax returns during that period. The specific programs involved should be consulted regarding formal policies as individual questions arise.

In addition to the evaluation of overall financial need for outside assistance, many aid programs, especially scholarships, also require participation on standardized tests as part of the award eligibility determination process. The high school guidance office has further information concerning pertinent tests and their application procedures.

Finally, in making application for financial assistance, whether it be through the school, state or private community, students should be sure to observe all deadlines. All application materials should be completed accurately, legibly and submitted on time. Aid decisions are often made soon after the filing deadline on the basis of the materials at hand. While late awards are made as funds permit, it is to each family's benefit to see that it promptly carries out its responsibilities in this very important area.

Sometimes initial application materials filed will need clarification. Students/families should respond promptly to any such inquiries received to help insure accurate and timely consideration.

Summary of Major Types of Aid

In exploring financial aid resources, four general types of assistance will be encountered.

These may be defined basically as follows:

1. Scholarships — nonrepayable gift aid, often based upon both financial need and some measure of academic performance. Many scholarships are based on academic performance only.
2. Grants — nonrepayable gift aid, usually allocated upon the basis of financial need alone.
3. Educational Loans — funds requiring repayment, usually after the student leaves school. Some loans, especially those with low interest rates or waiver of repayment clauses, involve an analysis of family need as part of the eligibility requirements.
4. Work-Study Opportunities — wages for part-time work on or off campus during the school year. Some programs even incorporate a cooperative approach whereby the student works full-time one term and attends classes the next.

When applying for aid, the student should be aware that in most cases, if an award is made, it will be "packaged." This means that the award may include loan and work portions as well as scholarship and/or grant funds.

In exploring these various types of financial assistance, the family should note that aid resources can be found in four general source areas which are described in the next section.

SUMMARY OF MAJOR GOVERNMENTAL AID PROGRAMS

Due to the nature of federal, state and institutional guidelines governing financial aid programs, the information contained in this section is subject to change without notice.

I. Programs Available Through The Federal Government Which Are Administered By The School's Financial Aid Office:

NOTE: All students who are receiving federal financial aid funds must register with the Selective Service Administration or certify that they are not required to register.

A. *Pell Grant Program:*

1. *Description:*
   This program provides direct student grants up to a maximum set each year by the level of appropriations made by the U.S. Congress. The maximum dollar value of these awards is also limited to a percentage of the established cost of education, or amount of demonstrated need, whichever is least.
2. *Who is Eligible:*
   This program is limited to postsecondary students pursuing their initial degree (graduate students are not eligible) who are enrolled on at least a half-time basis at an approved postsecondary school (colleges, universities and proprietory or technical schools are eligible to participate in the program). Funds are limited to U.S. citizens, or permanent residents of the United States. Students must not be in default of any federal loan or owe a refund or repayment to any federal financial aid program. Eligibility is dependent upon satisfactory academic progress as defined by the school. Dollar amount of award is based upon demonstrated need.
3. *Where to Apply:*
   The Pell Grant application process can be completed by filing either the College Scholarship Service, Financial Aid Form (FAF) or the American College Testing, Family Financial Statement (FFS), or the Application for Federal Student Aid (AFSA), and releasing the results to the U.S. Department of Education. Some four to six weeks after submission the student will receive a "Student Aid Report" (SAR) listing his/her Pell Grant eligibility index. This form can be submitted to the financial aid office at the student's chosen school, prior to actual enrollment, for preliminary determination of dollar award eligibility based upon the projected credit hour load. If the student wishes to obtain this type of preliminary award information from more than one school, the SAR may be duplicated and submitted to each school in question for evaluation. The original SAR must eventually be submitted to the school the student chooses to attend. Final dollar award eligibility is determined at the point of enrollment and depends upon the student's aid index and actual cost of attendance at the chosen school for the number of credit hours carried.

B. *Supplemental Educational Opportunity Grant Program – SEOG:*

1. *Description*
   This program provides grants totaling from $200 to $2,000 in value per academic year. Each individual school participating in the SEOG Program determines the actual award based on their unique packaging philosophy and the amount of funds that are available at their institution. Eligibility for and the amount of SEOG awards may therefore vary from institution to institution.
2. *Who is Eligible:*
   Same as Pell Grant Program.
3. *Where to Apply:*
   By completing the appropriate financial statement releasing the result to the chosen school, the student is considered for this as well as other aid programs available on the campus. Many institutions also require supplemental financial aid application forms which must be returned directly to the school.

C. *National Direct Student Loan Program – NDSL:*

1. *Description:*
   This program provides qualified students with long term educational loans at reasonable interest rates. The federal government contributes up to 90% of the amount of the loan, with the balance coming from the postsecondary school. The National Direct Student Loan fund is administered by the postsecondary school, which has responsibility for selecting recipients and collecting on outstanding loans.

   Through this program undergraduates may borrow a maximum of $6,000, but no more than $3,000 until junior standing (3rd program year) is reached. A cumulative total of $12,000 may be borrowed under this program if the student goes on for graduate or professional study.

The borrower must sign a Promissory Note for the loan at the time funds are received. This binds the student to repayment at a later date. Repayment normally begins six months after the student ceases at least half-time enrollment, and may be extended over a ten-year period, although minimum repayment requirements may shorten this period. Interest accrues at the rate of 5% during the repayment period. Repayment obligation is cancelled in the event of the death or permanent and total disability of the borrower. In addition, repayment deferment options are available for the following reasons:

a. The borrower's enrollment and attendance as at least a half-time student at an institution of higher education or at a comparable institution outside the United States approved for this purpose by the Secretary or

b. For a period not in excess of 3 years during which time the borrower is:

   1. on full-time active duty as a member of the Armed Forces of the United States (Army, Navy, Air Force, Marine Corps, or Coast Guard),
   2. in service as a Volunteer under the Peace Corps Act, or
   3. a VISTA volunteer under Title I—Part A of the Domestic Volunteer Service Act,
   4. a full-time volunteer in a tax-exempt organization performing service comparable to the service performed by Peace Corps or ACTION agency volunteers,
   5. temporarily totally disabled as established by an affidavit of a qualified physician,
   6. unable to secure employment because the borrower is providing care required by a spouse who is so disabled, or,
   7. an officer on full-time active duty in the Commissioned Corps of the U.S. Public Health Service.

c. For a period not in excess of two years during which time the borrower is serving in an internship which is required in order that the borrower may receive professional recognition required to begin professional practice or service.

d. The lending institution may, upon the borrowers application, defer or reduce any scheduled repayments if, in its opinion, extraordinary circumstances, such as prolonged illness or unemployment, prevent the borrower from making such repayments. However, interest will continue to accrue.

During such periods of time, no principal payments are required and no additional interest accrues to the student's account except as noted under d. above.

In addition, in certain situations, a portion of the loan may actually be cancelled for teaching and for military service. Such forgiveness provision is made on current loans for full-time teaching in a formally defined "disadvantaged" school setting (15-30% per year to 100% of loan), full-time teaching of the handicapped (15-30% per year to 100% of loan), full-time educational position in an approved Headstart preschool program (15% per year to 100% of loan), and full-time military service in an active combat zone (12½% per year to 50% of loan).

2. *Who is Eligible:*
   Any graduate or undergraduate student studying on at least a half-time basis at an approved institution of postsecondary study (colleges, universities and technical/proprietory schools are eligible for participation in this program) may submit an application for these funds. These resources are limited to United States citizens or permanent residents of the United States. Students must also not be in default of any federal loan or owe a refund or repayment to any financial aid program. Eligibility is also dependent upon satisfactory academic progress as defined by the school. Dollar amount of award is based upon demonstrated need as defined earlier.

3. *Where to Apply:*
   By completing the appropriate financial statement releasing the result to the chosen school, the student is considered for this as well as other aid programs available on the campus. Many institutions also require supplemental financial aid application forms which must be returned directly to the school.

D. *College Work-Study Program – CWS:*

1. *Description:*
   This program provides federal funds for work opportunities for both undergraduate and graduate students.

College Work Study funds may be paid to students for work performed for the institution itself or work for qualifying non-profit off campus agencies. Students working under this program may have up to 80 percent of their wages paid through federal work study funds. The actual percentage of wages covered by these funds may vary within institutions depending on funding and the demand for CWS jobs.

Students employed under this program can not displace permanent workers or impair existing contracts. Work performed must be in the public interest and cannot involve political or religious activities.

2. *Who is eligible:*
   Any undergraduate or graduate student enrolled on at least a half-time basis at an approved institution of postsecondary study (colleges, universities and technical/proprietory schools are eligible for participation in this program) may submit an application for these funds. These resources are also limited to United States citizens or permanent residents of the United States. Students must not be in default on any Federal loan or owe a refund or repayment to any Federal financial aid program.

3. *Maximum Hours:*
   The number of hours an enrolled student is allowed to work will depend on the institution's guidelines governing the CWS program. In determining the number of hours a student under this program is allowed to work, the institution must take into consideration the extent of the students financial need, the students class schedule and the potential harm of a particular combination of work and study hours on a students health and/or academic progress.

4. *Establishment of wage rates:*
   Compensation for undergraduate students employed under the College Work-Study Program must be computed on an hourly basis.

   However, an institution may pay a graduate student either an hourly wage or on a salary basis.

   Actual wages will depend on the job responsibilities and the skills required to perform the job. Pay rates for College Work-Study students should be comparable with pay rates the institution would normally pay non-College Work-Study employees for similar job responsibilities and qualifications.

   College Work-Study employees must be paid at least the Federal minimum wage rate. ($3.35/hour, effective January 1, 1981.)

5. *Where to Apply:*
   Application should be made directly through the financial aid office at the student's chosen school. Usually by the completion of the appropriate financial statement releasing the result to the chosen school, the student is automatically considered for this as well as other aid programs available on the campus. Many institutions also require separate financial aid application forms which must be returned directly to the school.

   Please note that the eligibility restrictions regarding demonstrated need which are utilized under the federally sponsored Work-Study Program do not necessarily apply to other jobs which the student might get that are not supported by these federal funds. While policies in this regard vary from school to school, most schools offer a wide variety of on-campus and off-campus work opportunities other than positions funded through the federal Work-Study Program.

   Further information regarding the Pell, SEOG, NDSL and CWS programs is available in *The Student Guide* published by the Federal government.

E. *Health Professions Loan Program (HPL):*

1. *Definition:*
   A federal loan program interest-free while enrolled and during grace period. "Exceptional financial need" must be exhibited by pharmacy, medical, dental or osteopathic students in order to qualify. A student will be considered to demonstrate "exceptional financial need" if the school determines that his or her resources are less than $5,000 or half the cost of attending school, whichever is less.

2. *Eligibility:*
   Applicants are eligible for consideration for a health professions student loan if they are:
   a. nationals of the United States, permanent residents of the Trust Territory of the Pacific Islands or the Northern Mariana Islands or lawful permanent residents of the United States, Puerto Rico, the Virgin Islands, Guam or American Samoa.
   b. enrolled or accepted for enrollment in school as full-time students.

c. in need of the amount of the loan to pursue a full-time course of study at the school.

d. of "exceptional financial need" in the case of students of medicine or osteopathy. The school must determine that the students' resources do not exceed the lesser of $5,000 or ½ the costs of attendance. In testing for HPL exceptional need, the school must take into account a computed family contribution from the parents of the applicant even if the applicant is considered to be independent for aid purposes. (Please note: Summer earnings, educational loans, veterans G.I. benefits and earnings during the school year will not be considered as resources in determining whether an applicant meets the eligibility criteria for exceptional financial need.)

3. *Amount:*
Annual maximum is tuition plus $2,500.

4. *Interest:*
9% beginning 12 months after receipt of M.D. degree or discontinuance of study at full-time level in an eligible school.

5. *Repayment:*
Repayment begins one year after graduation or discontinuance of full-time level of study in an eligible school. Minimum monthly payments of $15 are required. Maximum repayment period is 10 years. Principal and interest payments may be deferred during (a) internships and residency program, (b) full-time training beyond the first professional degree, (c) some training fellowships, (d) peace corp. service (3 years maximum), (e) uniformed service (Army, Navy, Marine Corps, Air Force, Coast Guard), NOAA Corps U.S. Public Health Service. Physicians practicing in a physician shortage area may arrange for repayment of up to 85% of their HP loans by the Secretary of DHHS.

6. *To Apply:*
Students seeking Health Professions Loans should contact the financial aid office at their chosen school.

F. ***Nursing Student Loan Program (NSL):***

1. *Definition:*
A federal loan program for students in nursing who attend approved nursing schools that offer a diploma, associate degree, baccalaureate (or equivalent) degree, or a graduate degree in nursing

2. *Eligibility:*
   a. demonstrated exceptional financial need as determined by a formal need analysis.
   b. enrolled at least half-time in a nursing program at a participating school.

3. *Amount:*
The school may award up to $2,500 per academic year, depending upon financial need. The maximum may also vary depending upon the amount of federal dollars allocated to the school and the number of eligible applicants. The cumulative maximum is $10,000.

4. *Interest:*
6% beginning at the time repayment begins.

5. *Repayment:*
Repayment begins 9 months after the borrower graduates, withdraws, or drops below half-time status in a nursing program. The maximum repayment period is 10 years and the minimum monthly payment is $15.

6. *Deferment:*
Borrower may request that principal and interest be deferred during:
   a. full time enrollment in an approved nursing program.
   b. active duty (up to 3 years) as a member of the Army, Navy, Air Force, Marine Corps or Coast Guard.
   c. service (up to 3 years) as a volunteer in the Peace Corps.

7. *Application:*
Students seeking Nursing Student Loans should contact the financial aid office at their chosen school.

G. ***Health Education Assistance Loan (HEAL) Program:***

1. *Description:*
A federal loan program for eligible health profession students attending participating schools. Applicants may borrow up to $20,000 per year with a cumulative maximum of $80,000. Allied health students are limited to $12,500 per year and pharmacy students are limited to $7,500 per year with a cumulative maximum of $37,500. There is no federal interest subsidy under this program. Interest is a variable rate based on the rate for 91-day Treasury Bills, plus 3%. The interest payment is the obligation of the student borrower and may either be paid on an ongoing

basis or, at the lender's option, be accrued until repayment begins.

Repayment begins 9 months after the borrower ceases to be a full-time student. If the internship or residency begins within that 9 month period, repayment is deferred until 9 months after the borrower ceases to be an intern or resident. The maximum repayment period is 25 years.

The borrower may enter into a contract for service in a health manpower shortage area; in return, the federal government will pay up to $10,000 per year towards the amount borrowed. The availability of contracts for any given year is not assured and is limited by the size of the shortage areas and availability of funds.

The maximum loan period is 33 years.

2. *Eligibility:*
Applicants must be U.S. citizens, nationals or permanent residents. The program is also limited to persons who have been accepted for enrollment as full-time students or are already enrolled full-time in good standing at eligible schools. Pharmacy students must have satisfactorily completed three years of training before application.

3. *Deferment:*
Deferment of principal and interest may be deferred, but interest continues to accrue during periods of:

   a. full-time study at a HEAL school or at an institution of higher education which participates in the Guaranteed Student Loan program.

   b. internship for residency training (up to four years).

   c. service in the U.S. Armed Forces (up to three years).

   d. service in the Peace Corps, VISTA, or the National Health Services Corps (up to three years in each case).

4. *Application:*
Students seeking HEAL loans should contact the financial aid office at their chosen school.

Further information about this program can also be obtained from:

HEAL, Public Health Service
5600 Fishers Lane
Parklawn Building, Room 9A-16
Rockville, MD 20857
(301) 443-1540

H. ***Vocational Education–Single Parent and Homemaker Program:***

Public Law 98-524 provides funds to support eligible programs, including tuition-free occupational education, to serve single parents and homemakers at Michigan's 29 community colleges.

Who is Eligible?

1. *Single Parent:*
An individual who (a) is unmarried or legally separated from a spouse and (b) has a minor child or children for which the parent has either custody or joint custody.

2. *Homemaker:*
An individual who (a) is an adult, and (b) has worked as an adult primarily without remuneration to care for the home and family, and for that reason has diminished marketable skills.

3. *Displaced Homemaker:*
A person who has worked as a homemaker and who now, because of divorce, separation, or the death or disability of a spouse must prepare for paid employment.

4. *Non-traditional Job Trainee:*
A person who wishes to be trained and to secure employment in a job area not traditionally considered a job area for his/her particular sex and is a member of categories 1, 2 or 3 above.

Application:
Interested students should see the financial aid officer or contact the college women's Resource Center at their chosen Michigan community college regarding specific application procedures.

I. ***Michigan Adult Part-Time Grant Program:***

Program Description
The Michigan Adult Part-Time Grant Program is designed to provide grant assistance for needy adults who enroll at approved public or private degree-granting Michigan colleges on a part-time basis. Grants of up to $600 per year are available for not more than two years of study.

Student Eligibility
To qualify for receipt of a Michigan Adult Part-Time Grant, a student must:

1. be enrolled on a part-time basis (3-11 credit hours) as an undergraduate student at a participating Michigan degree-granting college or university.

2. qualify as a self-supporting student according to current federal criteria.

3. demonstrate financial need for the funds.
4. be out of high school (other than GED or adult education) for at least 2 years.
5. have been a Michigan resident for at least 12 months.
6. be a U.S. citizen or permanent resident.
7. not be incarcerated in a corrections institution.
8. not be enrolled in a program leading to a degree in theology or divinity.
9. not be in default on a Michigan Guaranteed Student Loan or Michigan Auxiliary Loan.
10. be making satisfactory academic progress, as defined by the school.

When funds are insufficient to meet the needs of all eligible applicants, participating colleges will target available funds to students with the greatest financial need.

Application Process
Apply for need-based financial aid at your college campus and check with the financial aid office regarding any additional forms that might need to be filed for consideration under this particular program.

J. ***Michigan Educational Opportunity Grant Program:***

Program Description
The Michigan Educational Opportunity Grant Program is designed to provide grant assistance for needy undergraduates who are enrolled on at least a half-time basis at public, Michigan colleges and universities. Grants of up to $1,000 per year are available under this program.

Student Eligibility

To qualify for receipt of a Michigan Educational Opportunity Grant, a student must:

1. be enrolled on at least a half-time basis as an undergraduate at a participating, public, Michigan college or university.
2. demonstrate financial need for the funds.
3. have been a Michigan resident for at least 12 months.
4. not be incarcerated in a corrections institution.
5. be making satisfactory academic progress, as defined by the school.

When funds are insufficient to meet the needs of all eligible applicants, participating colleges will target available funds to students with the greatest financial need.

Application Process
Apply for need-based financial aid at your college campus and check with the financial aid office regarding any additional forms that might need to be filled out for consideration under this particular program.

K. ***Michigan Work-Study Program:***

Program Description
The Michigan Work-Study Program is designed to provide work opportunities for needy, undergraduate students who enroll at approved public or private degree-granting, Michigan colleges on a full or part-time basis. Both nonprofit and profit-based employers may sign agreements with Michigan colleges to participate in this program.

Student Eligibility
To qualify for employment under the Michigan Work-Study Program, a student must:

1. be enrolled on at least a half-time basis as an undergraduate at a participating Michigan degree-granting college or university.
2. demonstrate financial need for the funds.
3. have been a Michigan resident for at least 12 months.
4. not be incarcerated in a corrections institution.
5. not be enrolled in a program leading to a degree in theology or divinity.
6. be making satisfactory academic progress, as defined by the school.

When funds are insufficient to meet the needs of all eligible applicants, participating colleges will target available funds to students with the greatest financial need.

Application Process
Apply for need-based financial aid at your college campus and check with the financial aid office regarding any additional forms that might need to be filled out for consideration under this particular program.

II. National Aid Programs Available Through Various Governmental Agencies:

A. ***Michigan Rehabilitation Services:***

This program provides assistance for the vocational training and education of individuals with physical or mental disabilities. Eligibility for

Michigan Rehabilitation Services (MRS) is based upon the existence of a physical or mental disability which results in a substantial handicap to employment and an expectation that the provision of rehabilitation services will benefit the individual in terms of employability. Emphasis is placed upon serving the severely disabled applicant. Financial assistance with training programs is based upon the student's financial need.

All high school students who intend to apply for assistance from MRS must complete the Michigan Competitive Scholarship examination and apply for a State Scholarship and/or Tuition Grant as well as a Pell Grant and other federal financial aid assistance.

MRS will supplement these resources if they are not adequate to meet the students' financial needs. In addition, MRS may assist with special costs the handicapped student may have because of his/her disability. MRS counselors can help eligible handicapped students select an appropriate career goal, provide guidance and counseling services throughout training, and help with job placement after training is completed.

Students who feel they might qualify for MRS assistance should contact their local MRS office to determine their eligibility. High school counselors and college financial aid officers can direct students to the closest MRS district office. This office can also be found under the Education Department heading within the Michigan State Government listing in the local telephone directory.

Applicants intending to enroll in postsecondary programs with MRS assistance should contact their Michigan Rehabilitation Services office no later than the first of March, if they plan to enroll in school the following September.

The Michigan Commission for the Blind (MCB) of the Michigan Department of Labor provides similar rehabilitation services for individuals whose vision is sufficiently impaired to constitute legal blindness. Potential applicants are encouraged to contact their local Department of Labor office for further information. This office can be found under the Labor heading within the Michigan State Government listing in the local telephone directory.

B. ***Veterans Administration:***

The Veterans Administration provides four basic categories of educational assistance:

1. Veterans' Educational Assistance—"G. I. Bill": The purpose of this program includes providing vocational readjustment in restoring lost educational opportunities to service persons whose careers have been interrupted or impeded by reason of active duty after January 31, 1955, and aiding such persons in obtaining the vocational and educational status which they might normally have aspired to and obtained had they not served their country. Eligibility requirements are imposed and include the following:

   a. The eligible veteran must have served on active duty with the Armed Services for a period of more than 180 days any part of which occurred after January 31, 1955, and before January 1, 1977, and was discharged or released under conditions other than dishonorable.

   b. Benefits may be paid to a maximum of 45 months, based upon 1½ months of benefits for each month of active duty. Service of 18 months or more qualifies for the full 45 months of entitlement.

   c. Benefits must be utilized within ten years from the date of discharge. (Extension(s) may be granted for periods of temporary disability.) Monthly benefits are currently being allotted according to the following scale:

Attendance	*Number of Dependents*			*Each Additional Dep.*
	0	*1*	*2*	
Full-Time	$343	$409	$466	$29
Three-quarter	$258	$307	$350	$22
Half-Time	$172	$204	$233	$16

Tuition & Fees are reimbursed for less than half-time enrollments.

Benefits under this program may be used for academic, apprentice, on-the-job and correspondence training. Separate resources are provided, where needed, to help the veteran to complete high school.

2. Vocational Rehabilitation: Vocational Rehabilitation is a program to help the service-disabled veteran select, prepare for and secure work that is in line with his/her personal goals, interests, abilities and physical capacities. Services and benefits include educational and vocational counseling, education or training to qualify for a skilled position or profession, tutorial, reader service or other special help in training if needed, dental and medical treatment, prosthetic aids, special equipment and other special restorative services as necessary to enter or stay in training. Job placement and job adjustment help, after completing training, are also available.

a. Eligibility is determined by the following criteria:

1. The veteran must have a disability of compensable degree as a result of service during WWII or thereafter.
2. The veteran must have been or will be discharged, released or retired from the service under other than dishonorable conditions.
3. The Veterans Administration determines that Vocational Rehabilitation Services are needed to overcome the handicapping effect of the service-connected disability.
4. The period of eligibility has not expired. The basic period of entitlement is twelve years from the date of separation. Seriously disabled veterans may be eligible for benefits for an indefinite period of time.

b. As much training as needed to qualify for the occupation that the veteran and the VA Counselor agree suitable is provided. In most cases, training will not exceed 48 months but more training may be provided if necessary.

c. If eligible, the VA will pay for training expenses including tuition, fees, necessary books, supplies and equipment and will provide the veteran a monthly subsistence allowance while in training. This is in addition to any compensation or other benefits to which the veteran may be entitled. The monthly benefits are currently being allotted according to the following scale:

Attendance	*Number of Dependents*			*Each Additional Dep.*
	0	*1*	*2*	
Full-Time	$269	$334	$393	$29
Three-Quarter	$202	$250	$295	$22
Half-Time	$135	$168	$197	$15

d. The type of training may involve college or university education, trade school, business school or technical school education; apprenticeship or other on-the-job training; on-farm training; training in a rehabilitation facility, sheltered workshop or in-the-home if the disability requires it.

3. Survivors and Dependents Educational Assistance: This Program provides educational funds to eligible children and spouses of veterans who died or were permanently and totally disabled as a result of service in the armed forces.

These benefits are payable for a maximum of 45 months, with monthly payments being the same amount as those listed in the regular GI Bill (0 dependents). Funds may be used at a wide range of educational institutions including colleges, universities and vocational schools, etc. The program has the following special provisions:

a. Dependent children using the program must do so between the ages of 18 and 26 in most cases.

b. Special restorative training is available beginning at age 14 in the case of handicaps which would prohibit the normal pursuit of education.

Applicants under this program should also be aware that under certain circumstances, additional benefits may be provided by the State of Michigan under Public Law 245. For further information see Public Act 245 under "Programs Administered at the State Level."

4. Veterans Educational Assistance Program: This is a contributory program providing educational assistance benefits to eligible veterans and service persons who entered the service after January 1, 1977 and before June 30, 1985. In order to be eligible for this program, the veteran must be a participant in the Educational Benefits program and enrolled in making monthly contributions to this fund. Benefits may be used for a course leading to a standard college degree or courses not leading to a standard college degree and correspondence courses.

Total entitlement to benefits will equal the sum of the following: (a) total contributions, (b) matching funds by the VA equal to twice the contributions and (c) contributions by the Department of Defense.

INQUIRIES FROM APPLICANTS FOR ANY OF THESE PROGRAMS SHOULD BE MADE TO THE VA REGIONAL OFFICE, 477 MICHIGAN AVENUE, DETROIT, MICHIGAN 48226 (1-800-482-0740), COUNTY VETERANS AFFAIRS OFFICE OR CAMPUS VETERANS AFFAIRS COUNSELORS.

C. Armed Forces Educational Programs:

1. *New GI Bill:*

Students enlisting in the regular armed forces can earn up to $10,800. At first, enlistees contribute to their education—$100 per month for the first 12 consecutive months of their enlistment. The enlistee's contributions will be deducted automatically from his or her salary. Then the government contributes—up to $9,600. The GI Bill is available to everyone who enlists in the service on or after July 1, 1985. How much they will earn depends on how long they serve. (See chart below.)

Students enlisting in the Army Reserve can earn $5,040 under the GI Bill. This program is noncontributory. To qualify and use their GI Bill a reservist must be a high school diploma graduate, complete basic training and their initial active duty for training, serve 180 calendar days in the reserves, have not completed a baccalaureate degree or equivalent and have satisfactory participation in the Reserves. (See second chart.)

The GI Bill

Enlistment	*Soldier's Contribution*	*Gov't Contribution*	*Total*
2 yrs	$1,200	$7,800	$ 9,000
3 yrs	$1,200	$9,600	$10,800
4 yrs.	$1,200	$9,600	$10,800

GI Bill for Reserves

Enlistment	*Soldier's Contribution*	*Gov't Contribution*	*Total*
6 yrs	0	$5,040	$5,040

2. *Army College Fund (ACF):*

The Army College Fund is available to active duty personnel only. It is an educational incentive that a soldier can earn by meeting additional criteria. Namely, enlist in a critical skill, score 50 or higher on the Armed Services Vocational Aptitude Battery (ASVAB), be a high school diploma graduate and meet the eligibility for the GI Bill. The Army College Fund can be combined with the GI Bill.

Army College Fund*

Enlistment	*Soldier's Contribution*	*Gov't Contribution*	*Total*
2 yrs	0	8,000	8,000
2+2+2	0	12,000	12,000
3 yrs	0	12,000	12,000
4 yrs	0	14,400	14,400

*Must enroll in GI Bill to qualify for Army College Fund

3. *Student Loan Repayment Program:*

Individuals who enlist can qualify for an option to help pay off their National Direct Student Loan, Guaranteed Student Loan or Federally Insured Student Loan at the rate of 1/3 of the balance per year, if the loan is not in default. For a two-year enlistment, loans would be reduced by two-thirds—and for a three-year enlistment repaid in full. Individuals cannot enlist for both the GI Bill and Loan Repayment programs. The individual must decide on one program.

Similarly enlistments in the Army Reserve could reduce student indebtedness at the rate of 15 percent of $500, whichever is greater, for each year of service completed (Not to exceed $10,000 over a six-year period). In the US Army Reserves, an individual may qualify and earn GI Bill benefits plus Loan Repayment entitlements simultaneously.

4. *Tuition Assistance Program:*

For soldiers in the Regular Army, the Army will pay up to 75 percent of the soldier's tuition for college courses taken during off duty time. For career soldiers (E-5 or above) with less than 15 years of service, the Army will pay up to 90 percent tuition assistance for college level courses completed.

Enlisted Army Reserve soldiers, E-5 or above with less than 14 years service, can receive 90 percent tuition assistance for college tuition. Other soldiers, including officers, receive 75 percent tuition assistance.

D. ***Army Reserve Officer Training Corps (ROTC) Scholarships:***

1. *Description:*
These four-year scholarships are available to high school students regardless of financial need. A premium is placed both on academic and extracurricular achievements. The scholarship pays for all tuition and fees, an allowance for books, and up to $1,000 per year in cash allowances. The scholarship may be used at any one of over 300 colleges and universities where Army ROTC is hosted. Students, while in college, may apply for two- and three-year scholarships which may be used at any institution offering ROTC.

Students not selected for scholarships may qualify for financial benefits under the new U.S. Army Reserve Forces GI Bill while attending Army ROTC.

2. *Eligibility:*

   a. Applicants must be a U.S. citizen at least 17 years of age by the start of the freshman year.

   b. Be able to complete all requirements for a commission and a college degree, and be under 25 years of age on June 30 of the year they become eligible for appointment as officers.

c. Take either the SAT or ACT not later than November of the year they apply.

3. *Where to Apply:*
Students may request an application from April 1 (Junior Year) through November 15 (Senior Year) by writing:

Army ROTC
P.O. Box 9000
Clifton, NJ 07015-9974

All applications must be completed and received by August 15 for the early cycle and December 1 for the regular cycle.

Similar scholarships are offered by the Navy and Air Force ROTC. Further information about these programs can be obtained from:

Navy ROTC
P.O. Box 5000
Clifton, NJ 07012

Air Force ROTC
Maxwell AFB
Alabama 36112

E. ***Bureau of Indian Affairs:***
Grants for qualified students of at least ¼ American Indian descent are available through the U.S. Department of the Interior, Bureau of Indian Affairs. Information can be obtained by contacting: Robert N. VanAlstine, Education Programs Officer, Bureau of Indian Affairs, Michigan Agency, Federal Square Office Plaza, P.O. Box 884, Sault Ste. Marie, Michigan 49783-0884, phone (906) 632-6809.

Students with specific reservation or tribal affiliations should contact the appropriate individuals listed below:

Bay Mills Indian Community Members:
Geraldine M. Parish, Education Coordinator
Bay Mills Indian Community

Sally Mundy—Indian Health Services
5600 Fishers Lane
Park Lawn Building, Room 6A23
Rockville, MD 20857
(301) 443-5441

Educational benefits are also available for students of North American Indian descent. For further information, see Michigan Commission on Indian Affairs under "Programs Administered at the State Level."

F. ***Job Training Partnership Act–(JTPA):***

The purpose of this act is to prepare youth and unskilled adults for entry into the labor force and to afford job training to those economically disadvantaged individuals and other individuals facing serious barriers to employment, who are in special need of such training to obtain productive employment. It is a locally-administered federal program designed to impact on the manpower and unemployment programs of a given community.

For further information regarding specific services in your area, refer to the following listing of JTPA Service Delivery Areas:

III. Programs Administered at the State Level

A. *Guaranteed Student Loan Program:*

This program is a joint endeavor of the federal government and the private banking community. Through it, students may obtain educational loans from private lenders, which are in turn "guaranteed" by the Michigan Higher Education Assistance Authority against financial loss in the event a borrower dies, becomes permanently disabled, is discharged in bankruptcy or defaults in loan repayment. A list of participating financial institutions may be obtained from the Michigan Higher Education Assistance Authority, P.O. Box 30047, Lansing, Michigan 48909.

1. *Description:*
Under this program, applicants may currently borrow up to the following maximum amounts (these figures include all outstanding guaranteed loans from any state guarantee agency, the Federally-Insured Student Loan Program and private nonprofit guarantee loan programs such as United Student Aid Funds, Inc.).

	Amount Per Grade Level	*Cumulative Maximum*
Undergraduate Students	$2,500	$12,500
Graduate Students	$5,000	$25,000*

*The cumulative maximum amount includes any loans received as a vocational school student or undergraduate student.

Students attending eligible schools on at least half-time enrolled status are eligible to obtain a loan amount which is not in excess of the difference between estimated school costs and estimated financial assistance or the program yearly maximums, which ever is the lesser amount. Students enrolled in less than half-time status are not eligible to obtain guaranteed loans.

In addition to a 1% insurance premium which is charged to the borrower by the Michigan Higher Education Assistance Authority, the lender must charge the borrower a 5.5% origination fee at the time of loan disbursement. The origination fee is used to offset a corresponding reduction of the first year's interest payment to the financial institution by the federal government. In effect the borrower pays 5.5% of the first year's interest charge. The federal government pays the remainder of the first year's interest charge and the full interest charge for the remaining life of the loan.

The interest rate may be either 7, 8, or 9 percent simple interest which begins the day the loan proceeds are disbursed. Once a borrower has obtained a loan, the interest rate charged on the first loan will be charged on all subsequent loans as long as these loans have an outstanding principal balance. The current rate for new borrowers (students who do not have an outstanding principal balance) is 8%. The interest payment is the obligation of the student borrower; however, if the borrower is eligible for federal interest benefits, the Federal Government will pay the interest charges to the financial institution on behalf of the borrower during the in-school, deferment and grace periods. Eligibility for federal interest benefits is determined by an analysis of the borrower's adjusted gross income. If the adjusted gross income is $30,000 or less, the borrower automatically qualifies for federal interest benefits. If the borrower's adjusted gross income is more than $30,000, eligibility for federal interest benefits is determined by use of Family Contribution Tables or by a needs analysis system approved by the U.S. Department of Education. All borrowers must pay the interest to the financial institution during the repayment period and any forbearance periods.

Payments may be deferred and federal interest benefits continued if the borrower enters into a deferrable situation and requests deferment of payments by submitting appropriate documentation of the deferrable conditions:

A deferment not in excess of three years may be granted if the borrower is:

a. in the Armed Forces of the United States,

b. in full-time service as a volunteer in a program under Title I of the Domestic Volunteer Act of 1973,

c. in service as a full-time volunteer for an organization which provides service comparable to the Peace Corps or VISTA and which is exempt from taxation under Section 501 (c) of the IRS Code of 1954.

d. in service as an officer in the Commissioned Corps of the U. S. Public Health Service,

e. in the Peace Corps,

f. temporarily disabled or is unable to work or attend school because a spouse is temporarily disabled.

A deferment, not in excess of two years, may be granted if the borrower is serving an internship or residency, the successful completion of which is required in order to receive professional recognition to begin professional practice.

A deferment, not in excess of one year, may be granted if the borrower is seeking, but unable to find full-time employment. This deferment may be used only once.

A deferment may be granted for any period if the borrower is:

a. pursuing a full-time course of study at a participating school,

b. pursuing a course of study under a graduate fellowship program which has been approved by the United States Education Department,

c. pursuing a course of study under a rehabilitation training program which has been approved by the United States Education Department.

2. *Who is Eligible:*
U.S. citizens may apply if they have been accepted for enrollment in an eligible school or are already enrolled and in good standing at such a school. Non-citizens may be eligible if they are permanent residents.

Other eligibility requirements are:

a. To obtain a loan to attend a vocational school, the student may not concurrently be in attendance at an elementary or secondary school.

b. Student must plan to carry for the period for which the loan is intended, at least one-half the normal full-time work load as determined by the school.

c. Student must not owe a refund on a Pell, SEOG or State Student Incentive Grant.

d. Student must not be in default on a previously-obtained National Defense/Direct Student Loan, on a previously-obtained Guaranteed Student Loan or College Work Study refund.

3. *How to Apply:*
Application forms for a Guaranteed Student Loan should be obtained directly through a participating lender who is interested in making a loan to the specific student in question. The Student then completes the application form and presents it to the financial aid office on campus. School officials next complete their portion of the form, verifying enrollment or acceptance and certifying educational costs, academic standing, etc.

These materials then are returned to the lender for final approval. If the lender, thus, agrees to make the loan, approval is next secured from the guarantee agency. By affixing this approval, the Michigan Higher Education Assistance Authority, which is the guarantor in this state, "guarantees" the loan to the lender against loss from nonpayment due to student death, disability or delinquency default.

If, after attempting to obtain a Guaranteed Student Loan from a private lending institution, the student is denied access to the Guaranteed Loan, he or she is eligible to obtain a Guaranteed Student Loan from a lender-of-last-resort—the State Direct Student Loan Program. If the student's school has signed a participation agreement with the State Direct Student Loan Program, the student may obtain application materials from the school's financial aid office. The processing of this Guaranteed Student Loan is substantially the same as the processing of Guaranteed Loans obtained from a private lender. (See State Direct Student Loan Program, Section III B.)

4. *Repayment Provisions:*
After termination of at least half-time study, borrowers enter a 6-month grace period to help enable them to obtain employment before loan payments become due. Prior to the end of this grace period, the student must negotiate a repayment contract with the lender, outlining the arrangements whereby repayment will be made. All borrowers are responsible for interest payments at this point. Regulations which govern the repayment agreement stipulate that borrowers must be given at least 5 years to repay their loan unless monthly payments of approximately $50 will retire the debt sooner. In cases where extenuating circumstances might temporarily make it impossible for the borrower to meet the established monthly repayment obligation, a "forbearance" option is available. This option is provided only for limited periods of time in extreme emergencies at lender request and with the Michigan Higher Education Assistance Authority's Loan Office's approval. During periods of approved forbearance, the borrower temporarily discontinues payment on loan principal, but in most cases, continues to meet interest payments.

At all stages of the loan transaction, it is the responsibility of the student to keep both the lender and the state guarantee agency informed regarding any changes in name, address or school involvement which might occur.

Further information about this program can be obtained from local lenders, the school financial aid office or the:

Michigan Department of Education
Michigan Higher Education Assistance
Authority
Student Financial Assistance Services
P.O. Box 30047
Lansing, Michigan 48909
Telephone: (517) 373-0760

B. ***State Direct Student Loan Program:***
The Michigan Higher Education Student Loan Authority was created to provide eligible students a source for obtaining guaranteed loans when they have been unable to identify a commercial institution interested in making such a loan.

The Direct Student Loan Program operates under the same format as loans obtained from private sources that are regulated by the Guaranteed Student Loan Program, described in IIIA, above.

1. *Who is eligible:*
   Michigan residents may apply if they have been accepted for enrollment at a participating institution or are already enrolled and in good standing at such a school.

   Student loans must qualify for guarantee.

2. *How to Apply:*
   Application materials for a State Direct Student Loan may be obtained at the financial aid office of the institution the student plans to attend.

There is a one-time fee of 1% of the principal amount of each loan payable to the Guarantee Agency for the guarantee of each loan. This amount is deducted from the first disbursement of the loan and paid to the Guarantee Agency on behalf of the student borrower. The origination fee (see Guaranteed Student Loan Program section) is also deducted from the first disbursement.

Loans are not automatically renewed. Students must reapply to the Authority, through their financial aid officer when additional funds are needed. If a student transfers from one institution to another during an academic year for which a loan has been granted, any unused portion of the loan will be cancelled. Should additional aid be needed, the student must reapply for another loan at the new institution.

Both the student and the financial aid officer are notified when a loan is approved. A promissory note is enclosed with each approval and must be signed by the student and returned to the Authority. Checks will not be mailed until notes are returned.

Checks are made payable jointly to the student and the institution and both endorsements are required. Checks are sent to the financial aid officer. The loan checks should be applied first to the student's account for tuition, fees, books, room and board. Any remaining portion is allocated to the student for other educational and living expenses.

Repayment provisions and all other terms of the State Direct Student Loan Program are as described under the Guaranteed Student Loan Program.

C. ***Auxiliary Loan Program (also known as PLUS or ALAS):***
This program enables parents of dependent undergraduates, independent undergraduates and graduate students to obtain educational loans from private lenders up to the following maximum amounts:

	Amount Per Grade Level	*Cumulative Maximum*
Parent(s) of Dependent Undergraduate Students	$3,000	$15,000
Independent Undergraduate Students	$2,500	$12,000*
Graduate Students	$3,000	$15,000

The interest rate is 12% simple interest and the insurance premium is 1% on the declining balance for the life of the loan. There is no federal interest benefit for these loans and repayment begins within 60 days of disbursement. Deferments may be requested for military service, full-time attendance at an eligible school or unemployment but the interest portion must continue to be paid.

Application materials for an Auxiliary Loan are available through any participating lending institution that agrees to make the loan. All borrowers, including independent undergraduates, graduate and professional students must meet the lender's standard of credit worthiness and demonstrate ability to make monthly payments from current income.

Further information about this program can be obtained from local lenders, the school financial aid office or the:

Michigan Department of Education
Michigan Higher Education
Assistance Authority
Student Financial Assistance Services
P.O. Box 30047
Lansing, Michigan 48909
Telephone: (517) 373-0760

---

*Including any GSLP loans for a grade and/or cumulative GSLP borrowing.

D. ***Michigan Competitive Scholarship Program:***
This program provides financial assistance for students demonstrating both financial need and academic potential.

1. *Description:*
   The State Scholarship Program currently measures academic potential on the basis of performance on the National ACT Exam. Applicants with qualifying test scores are then screened on the basis of financial need and other program requirements. Students may receive up to the amount of tuition, need, or the award maximum (whichever is least) toward the payment of tuition and fees at eligible public and independent Michigan colleges or universities.
2. *Who is Eligible:*
   To qualify for State Scholarship aid, the student must:
   - a. demonstrate scholastic potential by achieving a qualifying score on the National ACT Exam.
   - b. be a United States citizen or a permanent resident or approved refugee.
   - c. have been a continuous Michigan resident from July 1, 1986 for 1987-88 academic year applicants.
   - d. demonstrate financial need according to the required financial statement.
   - e. not be enrolled in a program of study leading to a degree in theology, divinity or religious education.
   - f. be a high school graduate or senior in good standing who will graduate by the end of the current academic year or be recommended by an appropriate educational institution official.
   - g. enroll full-time at an eligible public or non-profit private Michigan school.

   Awards can be renewed annually for a maximum of ten semesters or fifteen terms within an eight-academic-year longevity limit, provided the applicant:
   - a. demonstrates financial need according to a current financial statement.
   - b. maintains Michigan residency and undergraduate student status.
   - c. maintains a cumulative 2.0 collegiate grade-point-average.
   - d. maintains satisfactory academic progress as defined by the college.
   - e. meets all other program requirements.
3. *Where to Apply:*
   High school juniors or seniors should register for the ACT through their high school guidance office. High school graduates are still eligible to participate in the exam as long as postsecondary study has not as yet been undertaken. Further information pertaining to the Competitive Scholarship Program may be obtained by contacting the:

   Michigan Department of Education
   Student Financial Assistance Services
   P.O. Box 30008
   Lansing, Michigan 48909
   Telephone: (517) 373-3394

E. ***Michigan Tuition Grant Program:***

The Tuition Grant Program provides assistance to students attending Michigan independent colleges or universities.

1. *Description:*
   Students may receive up to the amount of tuition, need, or the award maximum per academic year (whichever is least) toward the payment of tuition and fees at eligible independent Michigan colleges or universities.

   Award amounts are based upon demonstrated financial need. Awards can be renewed yearly to a total of ten semesters or fifteen terms of undergraduate study and six semesters or nine terms of graduate study. All renewals are based upon annual demonstration of continued eligibility.
2. *Who is Eligible:*
   To qualify for State Tuition Grant assistance, the following criteria must be met:
   - a. Applicants must be United States citizens or permanent residents or approved refugees.
   - b. Continuous Michigan residency must be demonstrated from July 1, 1986 for the 1987-88 academic year.
   - c. Applicants must plan to enroll as at least half-time students at eligible Michigan independent colleges. Eligible schools are identified by an asterisk in the subsequent listing.
   - d. Students may not be enrolled in programs of study leading to degrees in theology, divinity or religious education.

e. **Students must maintain satisfactory academic progress as defined by college.**

f. Meets all other program requirements.

3. *Where to Apply:*

Students planning to attend eligible independent schools may apply for Tuition Grants by submitting the financial statement approved by the institution (either the FAF or the FFS). These forms are available through either the college financial aid offices or high school guidance offices around the state.

NOTE: **Legislation prohibits students from concurrently receiving both State Competitive Scholarships and State Tuition Grants.**

COLLEGES AND UNIVERSITIES ELIGIBLE TO PARTICIPATE IN THE COMPETITIVE SCHOLARSHIP AND TUITION GRANT PROGRAMS

*Independent Michigan Colleges Eligible for the Tuition Grant Program

*Adrian College
*Albion College
*Alma College

F. ***Public Act 245 (Michigan War Orphans Act):***

This program exempts tuition payment (or any fee which takes the place of tuition) from children of Michigan veterans who died, were or are totally disabled due to service incurred causes or are presently listed as missing in action. The child must have been a resident of Michigan for 12 months and be between the ages of 16 and 22. Benefits are restricted to 36 months of full-time equated education or age 23, whichever comes first. Student recipients are required to maintain a cumulative 2.25 grade point average for all credits attempted. Education interrupted by a physically or mentally disabling condition, illness or military service may be extended beyond age 22. An educational benefit, scholarship or financial aid from another state cancels the benefits of this Act.

To be considered a "Michigan Veteran," one must:

1. **have legal residence in Michigan immediately prior to entering service, or**
2. **establish legal residence in Michigan.**

A veteran whose legal residence was in this state before entering military service shall not be considered a Michigan Veteran if the person

leaves this state for more than 2 years after service has been completed.

The program is operated by the Michigan Veterans Trust Fund Board of Trustees. Applications and further information may be obtained from:

Michigan Veterans Trust Fund
Board of Trustees
Ottawa Street Bldg.—North
P.O. Box 30026
Lansing, Michigan 48909
Phone: (517) 373-3130

This office also has an emergency loan fund, established under Act 9, Public Acts of 1946 (first extra session), which grants short-term (180 days) emergency loans to Michigan Veterans or their legal dependents. The students must contact the financial aid counselor at the state tax-supported college or university being attended to initiate an application for these loans.

G. *Michigan National Guard Educational Benefits for Dependents:*

Public Act 567 of 1978 has provided for dependents of members of the Michigan National Guard to receive free tuition and fees for attendance at private or public institutions of higher education in Michigan under the following conditions:

Students are eligible to apply for benefits if they are not less than 16 years of age and not more than 22 years of age and a child of a member of the Michigan National Guard who was (1) killed while on active state service, (2) died from other causes during active state service or (3) as a result of active state service has since died or is totally disabled. Active state service is defined as military service in support of civil authorities when so ordered by the Governor.

Further information may be obtained by contacting the Information Office, Department of Military Affairs, State of Michigan, 2500 S. Washington Ave., Lansing, Michigan 48913. Phone (517) 483-9599.

H. *Michigan Army National Guard Continuing Education System – New G.I. Bill, Tuition Assistance, and Federal Student Loan Repayment Program:*

THE NEW G.I. BILL (Chapter 106) provides Guard members with up to $140 per month for 36 months, for a total of $5,040, to assist in meeting undergraduate college costs. Guard members who enlist, reenlist, or extend their enlistments for a period of six years can qualify. Benefits can be used at any institution approved for Veterans Administration educational benefits. New enlistees are required to complete initial basic training and 180 calendar days as a Guard member to qualify, and have ten years in which to utilize any remaining benefits.

The Continuing Education System can provide TUITION ASSISTANCE for qualified Army Guard members pursuing a college degree on a part-time basis. Benefits of up to 75% of tuition costs are provided to individuals enrolled in one or two courses per term.

THE STUDENT LOAN REPAYMENT PROGRAM provides qualified members with repayment of Federal Guaranteed Student Loans, National Direct Student Loans, and Auxiliary (PLUS) Loans. Repayments of up to $1,500 per year, plus any interest, are made to the lending institution on behalf of the Guard member. Payments are based on highest cumulative balance held up to a maximum of $10,000 and are made annually during an initial six year membership.

The Continuing Education System also provides other educational support programs that can help reduce the total cost of a college education. They include: College entrance testing (ACT and SAT), credit-by-examination, and national certification testing. Additionally, many colleges and universities in Michigan recognize and award college credit for a large number of military training programs and military occupational specialties. Eligibility for simultaneous membership in ROTC and competition for several scholarships are also available.

Additional information may be obtained from any local Michigan National Guard armory, or by contacting the Michigan Department of Military Affairs, ATTN: Educational Opportunities, 2500 South Washington Avenue, Lansing, Michigan 48913-5101. Telephone toll-free 1-800-292-1386, or in Lansing call 483-9638.

I. *Michigan Commission on Indian Affairs:*

Students of North American Indian descent who meet qualifications may currently receive tuitional benefits for attendance at public post-secondary institutions in Michigan.

Eligible Students Are:

1. Of ¼ or more quantum blood Indian, as certified by his/her tribal association and verified by the Michigan Commission on Indian affairs,
2. Enrolled full-time, part-time or in summer school,

3. Legal residents of Michigan for not less than 12 consecutive months.

Further information concerning specific qualifications and application procedures are available by contacting the Michigan Commission on Indian Affairs, 611 W. Ottawa, North Tower, 3rd Floor, P.O. Box 30026, Lansing, Michigan 48909 or call (517) 373-0654.

J. *Carl D. Perkins Scholarship Program*

A federally funded program to provide college scholarships to outstanding high school graduates to enable and encourage them to pursue teaching careers at the elementary or secondary school level.

Eligible applicants:

a) Michigan resident
b) Have or will graduate in the top 10% of high school class
c) U.S. citizen
d) High School graduate or possess a GED certificate
e) Maintain satisfactory academic progress
f) Must be full-time undergraduate

Award selection criteria will include need, grade point average, evidence of a commitment to teaching. The maximum scholarship is $5,000 a year. Failure on the part of the recipient to fulfill the teaching obligation results in the individual being required to repay the scholarship at a substantial rate of interest.

Applications are available at high schools, college financial aid offices, college of education and the Michigan Higher Education Assistance Authority. Further information pertaining to the Carl D. Perkins Scholarship Award may be obtained by contacting:

Michigan Department of Education
Michigan Higher Education
Assistance Authority
P.O. Box 30008
Lansing, MI 48909
Telephone: (517) 373-3394

AWARDS FROM THE PRIVATE COMMUNITY

In investigating the student aid resources that might be available in the private community, there are several possibilities which should be pursued.

First, if the student has decided upon a specific major or area of study, awards that might be specifically set up for that field should be reviewed. There are several ways in which this type of resource can be discovered. One basic way to investigate this area is through use of the extensive resource listings that are commercially published. Most such major publications are available through local libraries and contain award listings by field of major interest. Some such documents may also be available through the local high school guidance office.

Another way to approach the issue of resources related to area of study is a letter of inquiry addressed to the discipline's professional organization. Some such organizations provide awards themselves for study in the field and many professional associations have career materials available that at least include listings of funds that have come to their attention. This latter approach is especially useful for graduate students who have already demonstrated their academic abilities in the discipline involved. Addresses for pertinent professional organizations can be obtained through department faculty at the student's chosen school or by referral to the *National Trade and Professional Associations Directory,* which is on file in most libraries.

Still another approach to investigating various discipline awards that may be available is through discussion with professionals from the student's vicinity who are already working in the field. Such contact will help give the student a better feel for the field, plus provide access to information regarding resources which might be identified locally by the profession which would not normally be referenced on the national level. The high school guidance office can be of assistance in developing such contacts and may have additional information regarding such awards.

Second, if the student is of a minority racial-ethnic background, potential community resources available on this basis should be thoroughly investigated. A good place to begin in reviewing this area is discussion with representatives of appropriate ethnic organizations at both the local and national level.

Another approach to this area is through the minority affairs and financial aid offices found on most postsecondary school campuses. The student can often obtain useful information regarding pertinent minority resources from these sources as well.

Third, if the student and/or family has a specific religious affiliation, it would be wise to check to see if any student aid resources might be available through that source. Inquiry through both the local church or parish and the national denominational headquarters can provide the family with basic information regarding any such funds which might be available.

In pursuing this possibility, the student is also cautioned to check carefully on the limitations which might be associated with such resources. For example, some religious groups provide aid only if the student plans to attend a denominational school or pursue a church-related career, etc. Such stipulations, if present, should be noted carefully and taken into consideration in the overall planning process.

Fourth, if either the student or the immediate family has military service experience, this is another area of potential aid which should be pursued. There are several facets of this area which need clear consideration:

1. If the student has not as yet been in military service, but is interested in such a career, the various service area ROTC programs should be investigated. Local recruiting offices and campus ROTC departments could be of assistance in this regard.

   If the student is thinking of immediate enlistment, with no concurrent plans for full-time postsecondary study, full attention should be given to the many attractive in-service training opportunities which the service branches are now offering. Local recruiters have extensive materials available regarding these options.
2. If the student has had past military experience and is now returning to school, the GI Bill, as described earlier in this publication, should certainly be utilized. Local Veterans Administration and campus financial aid offices can be of assistance in initiating the necessary paper work for this program.
3. If the student has parents who are either currently serving in or are retired from military service careers, the various programs available to such dependents should be explored. The American Legion, National Emblem Sales, Box 1050, Indianapolis, Indiana 46206 prepares an annual booklet entitled *"Need A Lift"* ($1.00 prepaid) that can be very helpful in exploring these possibilities.

Fifth, another aspect of the private community aid scene is the area of business and union affiliations. It would be wise for the student to check with any firms that he or she might have had employment with, to see if there are provisions for educational assistance for present or past employees. Similar inquiry should be made through any union or trade council in which the student's employment might have required membership.

Since most student employment is temporary and/or part-time, however, the best chance for such resources usually lies through employment and union affiliation of the parents. It is, therefore, suggested that the parents of each student inquire regarding the posibility of such resources through their employer as well as their local union steward if such is applicable.

In reviewing this area, the family is cautioned that national organizations and local offices may have separate programs. Therefore, both levels of employing companies and union affiliations should be considered.

A *sixth* area worthy of investigation is the geographical area of residence. Some counties, school districts, cities, townships, etc., have financial aid resources which are available to resident students pursuing postsecondary training. The high school guidance office is usually the best source of up-to-date information regarding such geographical programs.

Yet a *seventh* area which should be explored for community-based funds are local clubs and social or civic organizations to which the student or family might belong. Many times, such local organizations or their national parent bodies have resources available to support the postsecondary study of member and/or their dependents. It is suggested that the local officers and national headquarters of any pertinent organizations be consulted in this regard.

Beyond all these specific target areas, there lies yet another group of possible community options that defy categorization. Periodically, local newspapers, magazines, bank revolving loan funds, professional groups, foundations, special interest groups, city councils, libraries, citizen groups, etc., provide community-based student aid. The local high school guidance office is often a good source of information regarding local types of community-based student aid that might be available.

Finally, while the majority of the discussion here has concentrated on the nature of the various types of "supplemental" student aid programs that are available to assist the family in meeting escalating postsecondary educational costs, one of the best ways for the family to prepare for this expense is through a systematic plan of early savings. Students are encouraged to begin now, with their families, a program of regular financial planning for their future study beyond high school.

Systematic advanced planning in terms of school choice, program selection and financial resources will help make the transition to postsecondary study a happy and successful one.

1986-87 TEST DATES AND DEADLINES

ACT *(American College Test):*

This test is used for admissions purposes by some schools and as the qualifying exam for the State of Michigan Competitive Scholarship program.

Test scores are confidential and, therefore, appropriate Code Numbers (2076 for the Michigan program) must be used on the registration packet in order for your selected school(s) and/or the State of Michigan to receive your test results.

Regular Registration Postmark Deadline (regular fee)	**Late Registration Postmark Deadline** (additional fee required)	**Test Date**
Sept. 26, 1986	Oct. 14, 1986	Oct. 25, 1986
Nov. 14, 1986	Dec. 2, 1986	Dec. 13, 1986
Jan. 9, 1987	Jan. 27, 1987	Feb. 7, 1987
Mar. 13, 1987	Mar. 31, 1987	Apr. 11, 1987
May 15, 1987	June 2, 1987	June 13, 1987

SAT *(Scholastic Aptitude Test):*

This test is used for admissions purposes by some schools. Test scores are confidential. Therefore, appropriate Code Numbers must be used on the registration packet in order for your selected school(s) to receive your test results.

Regular Registration Deadline (regular fee)	**Late Registration Deadline** (additional fee required)	**Test Date**
Sept. 26	Oct. 8	Nov. 1, 1986
Oct. 31	Nov. 12	Dec. 6, 1986
Dec. 19	Dec. 31	Jan. 24, 1987
Feb. 27	Mar. 11	Apr. 4, 1987
Mar. 27	Apr. 8	May 2, 1987
May 1	May 13	June 6, 1987

PSAT/NMSQT *(Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test):*

This test is used as a general measure of academic potential and as the qualifying exam for the National Merit Scholarship Program and the National Achievement Scholarship Program for Black Students.

Registration Deadline	**Test Date**
July 1, 1986	October 18, 1986
July 1, 1986	October 21, 1986

CHRONOLOGICAL CHECK LISTS

In making decisions regarding school choice and financial assistance, it may be helpful to keep the following general time sequences in mind:

Junior Check List

Date	Activities for 1986-87 High School Juniors
Throughout the JUNIOR YEAR	1. Develop self-awareness skills. 2. Begin career exploration 3. Make some tentative career decisions. Check with your high school guidance office or career development center regarding the possible use of MOIS information. 4. Review postsecondary study options and select schools best suited to personal interest and goals. 5. If you are interested, obtain information from high school guidance office regarding the possibility of advance course placement at postsecondary schools of interest. 6. Begin to obtain information regarding admissions application deadline dates and financial aid application deadline dates. Application deadlines will vary with different schools and programs. Check the Admissions Handbook for specific college information for Michigan schools. 7. Before making a final school choice: a. Visit the school campuses you are interested in and compare them. b. Talk to individuals who are attending or have graduated from various schools. c. Browse through college catalogs. Catalogs are available at high school guidance offices or can be obtained from the postsecondary schools. d. Be sure to take advantage of local college night presentations and open houses that may bring campus representatives to your area.
October 18 and/or October 21, 1986	Take PSAT/NMSQT
March 13, 1987	Deadline for registering for the April 11 test date for the ACT*. This test is used as the qualifying exam for the State of Michigan Competitive Scholarship. (Students must release their test results to the State of Michigan by coding 2076 on the registration packet.) *The ACT exam may also be taken on June 13, 1987 (between junior and senior year) or October of your senior year. See high school counselor for October test registration deadline.
March 27, 1987	Deadline for registering for the May 2, 1987 SAT test.
April 11, 1987	Take ACT — best test date for juniors.
May 1, 1987	Deadline for registering for June 6 SAT.

Junior Check List (continued)

Date	Activities for 1986-87 High School Juniors
May 2, 1987	Take SAT.
May 15, 1987	Deadline for registering for the June 13 ACT.
June 6, 1987	Take SAT.
June 13, 1987	Take ACT.

Senior Check List

Date	Activities for 1986-87 High School Seniors
Autumn	1. Be sure to take advantage of local college night presentations and open houses that may bring campus representatives to your area. 2. Meet with college representatives who are scheduled to visit your school. 3. Pick up college admissions applications for Michigan schools from the high school guidance office. 4. Write for out-of-state college admissions applications. 5. Apply for financial aid administered by the school(s) through your chosen school at the time you apply for admission. (Note—financial statement should not be submitted until January). CAUTION—In applying for admissions and financial aid, pay particular attention to the following concerns: 1. Follow all directions carefully in completing application materials. a. Admission and financial aid decisions are made, based upon the information provided. b. If the information is incomplete, unreadable or late, you may not get the consideration you desire. 2. See your high school counselor if help is needed at any step in the application process. Remember to pick up any necessary teacher recommendation forms and turn them in to your high school counselor.
September 26, 1986	Deadline for registration for the October 25, 1986, ACT test. Last chance for Michigan Competitive Scholarship consideration for 1986-87 high school seniors (remaining test dates considered late for State Scholarship consideration).
September 26, 1986	Deadline for registering for November 1, 1986, SAT.
October 31, 1986	Deadline for registering for December 6, 1986, SAT.
October 25, 1986	Take ACT exam.
October-December	Return completed college/vocational school application to the high school counselor.
December, 1986	Obtain financial statement for Pell Grant, state programs and campus-based financial aid programs from high school counselor. All three types can usually be applied for by using just one statement.
December 19, 1986	Deadline for registering for January 24, 1987, SAT.

Senior Check List (continued)

Date	Activities for 1986-87 High School Seniors
January, 1987	Submit financial statement for processing. Be sure all college choices and scholarship agencies you wish to receive the information are listed on the statement. There are two primary financial statements on the market—American College Testing's Family Financial Statement (FFS) and the College Scholarship Service's Financial Aid Form (FAF). See which form your chosen school prefers and file it for state, school and Pell Grant consideration in January.
February-May, 1987	Transmit all financial award information to your campus financial aid office.
Things to Remember!	1. Check all applications carefully and make sure any necessary fee is included. 2. Applying for admission to postsecondary study and for the financial aid needed to enroll often seems like a difficult and confusing process. It can be simplified, however, by keeping this general time sequence in mind. 3. Keep a record of all forms that are submitted and where and when the form was submitted. 4. Remember, it always helps to start this planning process early. See your high school counselor *NOW* and get started! 5. Financial aid programs require annual reapplication. See your school financial aid office for details. You should reapply even if you have been denied aid in prior years. 6. If your financial status should change during the school year, even if you were denied aid, notify your campus financial aid officer for reevaluation.
